The Smoker's Hand-book Anti-fumo.1854 Catalogue of the Printed Books in the Library of the Faculty of Advocates ... Faculty of Advocates (Scotland). Library, 1874 Kokoro EasyRead Comfort Edition Natsume Soseki,2006-11 Kokoro is one of the classics of Japanese literature Soseki introduces readers to the Japanese modern culture and its effect on the young generation of that time Author narrates the events when in 1857 Western imperialism invaded Japan In order to protect Japan and it's culture the Japanese Emporer Meiji planned and ordered an industrial revolution in the country Must A Dictionary of the English Language Noah Webster, 1854 **Anglo-Saxon Culture and the Modern** Imagination David Clark, Nicholas Perkins, 2010 The Anglo Saxon world continues to be a source of fascination in modern culture Its manifestations in a variety of media are here examined An American Dictionary of the English Language Re-Reading Sappho Ellen Greene, 1996 The essays in this volume review the seemingly endless Noah Webster, 1850 permutations wrought on Sappho through centuries of readings and re writings The Nation .1910 Suffrage in the British Empire Ian Christopher Fletcher, Philippa Levine, Laura E. Nym Mayhall, 2012-12-06 This edited collection examines the campaign for women s suffrage from an international perspective Leading international scholars explore the relationship between suffragism and other areas of social and political struggle and examine the ideological and cultural implications of gendered constructions of race nation and empire The book includes comprehensive case studies of Britain India South Africa Australia New Zealand and Palestine Anglo-Saxon England: Volume 29 Michael Lapidge, Malcolm Godden, Simon Keynes, 2001-02-08 The editorial policy of Anglo Saxon England has been to encourage an interdisciplinary approach to the study of all aspects of Anglo Saxon culture This approach is pursued in exemplary fashion by many of the essays in this volume Fresh light is thrown on the dating and form of Cynewulf's poem The Fates of the Apostles through a comprehensive study of the historical martyrologies of the Carolingian period on which Cynewulf is presumed to have drawn The literary form of lfric s Preface to his translation of Genesis is illustrated through a wide ranging study of the rhetorical genre of preface writing in the early Middle Ages the genre which subsequently was known as the ars dictaminis and the problems which Ifric faced and solved in composing a Life of St thelthryth are illustrated through detailed comparison of the sources which he utilized The usual comprehensive bibliography of the previous year s publications in all branches of Anglo Saxon studies rounds off the book Glorious Bodies Colby Gordon, 2024-09-06 A prehistory of transness that recovers early modern theological resources for trans lifeworlds In this striking contribution to trans history Colby Gordon challenges the prevailing assumption that trans life is a byproduct of recent medical innovation by locating a cultural imaginary of transition in the religious writing of the English Renaissance Marking a major intervention in early modern gender studies Glorious Bodies insists that transition happened both socially and surgically hundreds of years before the nineteenth century advent of sexology Pairing literary texts by Shakespeare Webster Donne and Milton with a broad range of

primary sources Gordon examines the religious tropes available to early modern subjects for imagining how gender could change From George Herbert's invaginated Jesus and Milton's gestational Adam to the ungendered glorious body of the resurrection early modern theology offers a rich conceptual reservoir of trans imagery In uncovering early modern trans theology Glorious Bodies mounts a critique of the broad consensus that secularism is a necessary precondition for trans life while also combating contemporary transphobia and the right wing Christian culture war seeking to criminalize transition Developing a rehabilitative account of theology s value for positing trans lifeworlds this book leverages premodern religion to imagine a postsecular transness in the present **Honor Related Violence** Robert Ermers, 2018-02-02 Honor related violence is generally associated with crimes committed by people from the Middle East and adjacent areas Perpetrators sometimes justify their deeds saying they had to restore their honor Theorists have argued that men from these populations exclusively correlate honor with the behaviour of their womenfolk which they use as a pretext to further oppress and dominate women Due to large scale migration western societies have become acquainted with honor related violence and honor killings In this book Robert Ermers addresses a number of questions related to honor related violence including the use of predominantly negative frames regarding the cultural and social background of non westerners and immigrants In many publications including the press crimes committed by non western individuals are often attributed to their cultural background rather than specific contexts or circumstances in contrast to western cases Vague and insufficiently defined concepts such as honor and culture strongly contribute to this bias Honor Related Violence deals with honor and honor related violence their background and contexts what honor is and what it is not It examines stigma in relation to honor and based upon stigma research reliably explains analyses and predicts honor related violence The book argues that people all over the world can be stigmatized excluded and ostracized when they commit misbehavior and therefore find themselves in a state of dishonor which can lead to honor related violence A timely intervention into the psychology of honor related violence this is an essential resource for students and researchers in the fields of social psychology sociology law criminology and British Museum Catalogue of printed Books ,1882 The Vegetarian Advocate ,1848 anthropology The Athenaeum James Silk Buckingham, John Sterling, Frederick Denison Maurice, Henry Stebbing, Charles Wentworth Dilke, Thomas Kibble Hervey, William Hepworth Dixon, Norman Maccoll, Vernon Horace Rendall, John Middleton Murry, 1871

Islamic Conversion and Christian Resistance on the Early Modern Stage Jane Hwang Degenhardt,2010-08-19 This book explores the threat of Christian conversion to Islam in twelve early modern English plays In works by Shakespeare Marlowe Massinger and others conversion from Christianity to Islam is represented as both tragic and erotic as a fate worse t An American Dictionary of the English Language Webster,1845 The American and English Encyclopedia of Law and Practice William Mark McKinney, David Shephard Garland, 1909 Englishness Revisited Floriane Reviron-Piégay, 2020-10-27 What is Englishness Is there such a thing as a national temperament is there a character or an

identity which can be claimed to be specifically English This collection of articles seeks to answer these questions by offering a kaleidoscopic vision of Englishness since the eighteenth century a vision that acknowledges stereotypes while at the same time challenging them Englishness is defined in contrast to Britishness the Celtic fringe Scotland in particular Europe and the Continent at large The effects of the Empire and of its loss are examined together with other socio economic factors such as the two World Wars de industrialization and the different waves of immigration Through a careful analysis of the arts literature philosophy historiography cultural and political studies produced in England and on the Continent over the last three centuries a composite image of Englishness emerges somewhere between centre and periphery tradition and innovation transience and timelessness rurality and urbanity commitment and isolation Englishness is thus revealed as a protean concept one which whether it is a historical or political construct a genuine emanation of a national desire or a simulacrum retains its fascination and this volume offers keys to understanding its diverse expressions Fictions of **Sappho, 1546-1937** Joan DeJean, 1989-10-18 Considering Sappho as a creature of translation and interpretation a figment whose features have changed with social mores and aesthetics Joan DeJean constructs a fascinating history of the sexual politics of literary reception The association of Sappho with female homosexuality has made her a particularly compelling and yet problematic subject of literary speculation and in the responses of different cultures to the challenge the poet presents DeJean finds evidence of the standards imposed on female sexuality through the ages She focuses largely though not exclusively on the French tradition where the Sapphic presence is especially pervasive Tracing re creations of Sappho through translation and fiction from the mid sixteenth century to the period just prior to World War II DeJean shows how these renderings reflect the fantasies and anxieties of each writer as well as the mentalit of his or her day
