

NEW! **New Holland** **LM5000 Series Telehandlers** **LM5040 LM5060 LM5080**

Move massive amounts of material fast with a NEW LM5000 Series telehandler. A combination of outstanding operator efficiency and raw power and lifting performance makes these new machines the most effective way to load, stack, scoop and dig.

Larger, more comfortable cab

The spacious modern cab makes you more comfortable, and more productive. The cab itself is rounded with expansive visibility to the work area around you.

Increased lift capacity

Lift capacity up to 8,800 pounds and a lift height up to 31.5 feet allows you to do things that skid steers, tractors, wheel loaders and fork lifts can't, like stack large bales six to eight levels high, scoop a bucket of silage from the top of a bunker silo, and much, much more.

Improved reliability

Designed and manufactured by New Holland.

LM5000 Series telehandlers feature rugged construction and increased durability needed to handle tough ag applications.

Large selection of attachments

You can accomplish numerous chores using a wide variety of attachments, including an assortment of buckets, pallet forks, bale spikes, bale fork, bale grapple, silage facer, truss boom and more.

Additional LM5000 features

- 4 x 3 powershift transmission allows for clutch-free, on-the-go shifting.
- Get the best maneuverability for the job by selecting from three steering modes: front-wheel steer, circle steer or crab steer.
- Plenty of traction in slippery conditions with full-time four-wheel drive, four large tires and a limited slip differential.

New Holland Telehandler Manual
