successfully passing the New York State Real Estate Licensing Examination but to also prepare you for a successful real
estate career This book is divided into three parts The first part of this book provides the knowledge necessary for you to
obtain a license to pursue the real estate profession The second part covers the application of that knowledge which can
serve as a precursor for achieving success in real estate The third parts focuses on identifying the specific niche to which
that knowledge would be applied This section will concentrate on the development of steps and systems to apply the
knowledge including effective operations during a period of a health crisis It is with these three basic concepts that I write
this book in hopes that you too can achieve the successes that have followed me throughout my career *Adult Catalog:*
