DIY mechanic Care in the Iron Cage Rowena Slope,2022-11-30 This book explores two public sector scandals in the UK drawing on Max Weber s thought on the iron cage to understand how these cases of patient neglect in NHS hospitals and failures by police and social workers to address the organised sexual exploitation of young girls occurred Through

examination of the management failures and institutional vulnerabilities and with attention to the trends of bureaucratisation and rationalisation that characterised both scandals it reveals the explanatory power of Weber s thought developing a theoretical model that updates and extends Weber s work in light of the cases discussed The final chapter examines the response to the COVID 19 pandemic and highlights how the focus on a rational techno medical solution to the pandemic offered by the vaccines together with bureaucratic expansion has created an authoritarian and totalitarian society which represents the ultimate realisation of Weber s iron cage Showing that ordinary people including professionals are still trapped in the iron cage it will appeal to scholars of sociology and social theory as well as those providing training and working within the caring and service professions of policing social work and nursing *Lesbian, Gay, Bisexual,*
