Demastes, 1996-10-23 The

year 1956 marked a point when British drama and theater fell into the hands of a group of young playwrights who revolutionized the stage During that time playwrights such as Samuel Beckett and Harold Pinter made the British theater as rich varied and vital as any national theater in history This reference chronicles the history of British theater from 1956 to 1995 by providing detailed information about the playwrights of that period Included are entries for some three dozen British playwrights active between 1956 and 1995 Entries are arranged alphabetically to facilitate use Each entry supplies biographical information the production history for particular plays a survey of the playwright s critical reception an assessment of the dramatist s work and primary and secondary bibliographies A selected general bibliography at the end of the volume directs the reader to important sources of additional information about this period in theater history Radio Drama Tim Crook, 2002-01-04 Radio Drama brings together the practical skills needed for radio drams such as directing writing and sound design with media history and communication theory Challenging the belief that sound drama is a blind

medium Radio Drama shows how experimentation in radio narrative has blurred the dividing line between fiction and reality in modern media Using extracts from scripts and analysing radio broadcasts from America Britain Canada and Australia the book explores the practicalities of producing drama for radio Tim Crook illustrates how far radio drama has developed since the first audiophonic production and evaluates the future of radio drama in the age of live phone ins and immediate access to programmes on the Internet

Anamnesia Peter Collier, Anna Magdalena Elsner, Olga Smith, 2009 Memory has always been crucial to French literature and culture as a means of mediating the relationship between perception and knowledge of the individual coming to terms with his identity in time Relatively recently memory has also emerged as the key force in the creation of a collective consciousness in the wider perspective of French cultural history This collection of essays selected from the proceedings of a seminar on Memory given by Dr Emma Wilson at the University of Cambridge offers a fresh evaluation of memory as both a cultural and an individual phenomenon in modern and contemporary French culture including literature cinema and the visual arts *Anamnesia* the book's title develops the Aristotelian concept of anamnesis recollection as a dynamic and creative process which includes forgetting as much as remembering concealment as much as imagination Memory in this extremely diverse range of essays is therefore far from being presented as a straightforward process of recalling the past but emerges as the site of research and renegotiation of contradictions and even aporia

Adaptations, Versions and Perversions in Modern British Drama Ignacio Ramos Gay, 2014-10-02 This book aims to explore which plays were deemed suitable to be reworked for foreign or local stages what transformations linguistic semiotic theatrical were undertaken so as to accommodate international audiences how national literary traditions are forged altered and diluted by means of transnational adapting techniques and finally to what extent the categorical boundaries between original plays and adaptations may be blurred on the account of such adjusting textual strategies It brings together ten articles that scrutinise the linguistic social political and theatrical complexities inherent in the intercultural transference of plays The approaches presented by the different contributors investigate modern British theatre as an instance of diachronic and synchronic transnational adaptations based upon a myriad of influences originating in and projected upon other national dramatic traditions These traditions rooted in relatively distant geographies and epochs are traced so as to illustrate the split between the state imposed identity and personal subjective identity caused by cultural negotiations of the self in an age of globalism International frontiers are thus pointed at in order to claim the need to be transcended in the process of cultural re appropriation associated with theatre performance for international audiences

All Sturm and No Drang Dirk van Hulle, Mark Nixon, 2007 Contains three sections Beckett and Romanticism the conference proceedings of Beckett at Reading 2006 and a collection of miscellaneous essays This title presents contributions on Beckett's attitudes toward Romantic aesthetics in general It reflects the importance of the Beckett Foundation's Archive to scholars

Beckett after Wittgenstein Andre Furlani, 2015-11-30 Among the best represented authors in Samuel Beckett's library was Ludwig

Wittgenstein yet the philosopher's relevance to the Nobel laureate's work is scarcely acknowledged and seldom elucidated. Beckett after Wittgenstein is the first book to examine Beckett's formative encounters with and profound affinities to Wittgenstein's thought style and character. While a number of influential critics including the philosopher Alain Badiou have discerned a transition in Beckett's work beginning in the late 1950s, Furlani is the first to identify and clarify how this change occurs in conjunction with the writer's sustained engagement with Wittgenstein's thought on, for example, language, cognition, subjectivity, alterity, temporality, belief, hermeneutics, logic, and perception. Drawing on a wealth of Beckett's archival materials, much of it unpublished, Furlani's study reveals the extent to which Wittgenstein fostered Beckett's views and emboldened his purposes.

The Broken Window Jane Alison Hale, 1987. The author defines and analyzes the new type of theatrical perspective invented by Samuel Beckett. She begins with an overview of the changes of the definition of twentieth-century knowledge, e.g., art, science, philosophy, and psychology, then discusses the concepts of time, space, and movement which underlie Beckett's notion and use of perspective in the theater. *The Broken Window* shows how Beckett translates a number of twentieth-century aesthetic and philosophical concerns: the impossibility of separating subject and object, the indeterminacy of time and space, the inevitability of movement and change into specific dramatic techniques, and traces their evolution through close textual analyses of six plays. Hale is the first critic to define Beckett's theatrical techniques in terms of the notion of perspective and to link them to similar innovations in the plastic arts. In addition, no critic has so exhaustively elaborated Beckett's premises of indeterminacy, the inevitability of perception, and the breakdown of the subject-object relationship.

Oeil Fauve Catharina Wulf, 1995. **Samuel Beckett and Cultural Nationalism** Shane Weller, 2021-06-24. Drawing on evidence from his published works, manuscripts, and correspondence, Samuel Beckett and Cultural Nationalism explores Beckett's engagement with the theme of cultural nationalism throughout his writing life, revealing the various ways in which he sought to challenge culturally nationalist conceptions of art and literature while never embracing a cosmopolitan approach. *The Element* shows how, in his pre-Second World War writings, Beckett sought openly to mock Irish nationalist ideas of culture and language but that, in so doing, he failed to avoid what he himself described as a clot of prejudices. In his post-war works in French and English, however, following time spent in Nazi Germany in 1936-7, as well as in the French Resistance during the Second World War, Beckett began to take a new approach to ideas of national cultural affiliation at the heart of which was a conception of the human as a citizen of nowhere.

Early Modern Beckett/Beckett et le début de l'ère moderne Angela Moorjani, Danièle de Ruyter, Dúnlaith Bird, Sjef Houppermans, 2012. *Beckett Between Beckett* entre deux.
