**Remapping Brazilian Film Culture in the Twenty-First Century**

Stephanie Dennison,2019-10-25 Remapping Brazilian Film Culture makes a significant contribution not only to debates about Brazilian national cinema but more generally about the development of world cinema in the twenty first century This book charts the key features of Brazilian film culture of the first two decades of the twenty first century including the latest cultural debates within Brazil on film funding and distribution practices the impact of diversity politics on the Brazilian film industry the reception and circulation of Brazilian films on the international film festival circuit and the impact on cultural production of the sharp change in political direction at national level experienced post 2016 The principle of remapping here is based on a need to move on from potentially limiting concepts such as the national which can serve to unduly ghettoise a cinema film industry and audience The book argues that Brazilian film culture should be read as being part of a globally articulated film culture whose internal workings are necessarily distinctive and thus deserving of world cinema scholars attention A blend of industry studies audience reception and cultural studies Remapping Brazilian Film Culture is a dynamic volume for students and researchers in film studies particularly Brazilian Latin American and world cinema Honorary

**Brazil, Land of the Past: The Ideological Roots of the New Right** Georg

Wink,2021-12-01 Brazil Land of the Past scrutinizes the ideological roots of the so called New Right in Brazil The book traces the continuity and resilience of a system of thought based on the idea of a God given hierarchical order to be defended against any social contract and modernizing relativization It explains in detail how today a diverse movement which includes actors ranging from the authoritarian Bolsonaro wing to economic liberals to the military to both Catholic and evangelical religious conservatives assumes unanimously the ideas of this tradition as underlying premises of their political action

Though not always explicitly this drives the self declared liberal conservative but rather anti modernist reaction which claims to liberate an imaginary authentic Brazil from an aberrant State and in so doing intends to preserve inherited privilege in an extremely unequal society    **The Politics of Metaphysics** Felipe G. A. Moreira,2022-10-13 Since immemorial times persons have been engaged in disputes in metaphysics This book reacts to this fact by supporting five theses Thesis 1 is that disputes are micro wars that have a significant social importance they involve conflicting parties who may resort to some kind of violence and depend on normative factors Thesis 2 is that disputes can be approached from right wing or left wing stances Thesis 3 is that the grounds for endorsing an approach to a dispute are problematic starting points that may be rationally rejected Thesis 4 is that disputes have an incommensurable greatness Thesis 5 is that right wing approaches to disputes may be less appealing than the left wing one championed by the book for those who endorse that one is to avoid expressing subtle violence This is the violence expressed by those who suggest that others who disagree with one's criteria to deal with disputes fall short of logos or act as if such others did not exist    **O sinal do atraso no pensamento social brasileiro** Cairo Barbosa,2021-11-25 O presente livro procura apresentar e discutir diversas formas de mobilizar o sinal do atraso nacional nos escritos e práticas de intelectuais canários e outsiders e de lideranças políticas de diferentes orientações ideológicas

**A opção pelo homeschooling** Fausto Zamboni, 2025-09-01

A educação dos filhos nos últimos anos tem preocupado muitos pais que percebendo a insuficiência e o perigo da educação escolar vêm procurando remediar esses males de diversas maneiras seja atuando junto às escolas e se envolvendo na discussão das leis e medidas tomadas pelo poder público seja buscando uma alternativa à educação domiciliar. Mas vale a pena adotar a educação domiciliar? Qual é seu significado no quadro mais amplo da educação da nossa época? Neste livro consideraremos as circunstâncias da realidade escolar atual e concreta do Brasil para entender até que ponto a escola se apresenta como um meio adequado para propiciar a realização humana. Em seguida trataremos da educação domiciliar o surgimento do movimento moderno pelo homeschooling sua posição no quadro da educação atual e alguns mitos sobre desempenho acadêmico e socialização. Por fim vamos elencar alguns elementos importantes que devem ser considerados por quem queira adotar a educação domiciliar seja quanto à dinâmica familiar seja em relação ao projeto educativo a ser adotado. Oferecemos aqui apenas os aspectos essenciais do problema como uma introdução que possa ajudar a entender a importância crucial da educação domiciliar em nossa época.
