*The European Union as Guardian of Internet Privacy* Hielke Hijmans, 2016-09-06 This book examines the role of the EU in ensuring privacy and data protection on the internet It describes and demonstrates the importance of privacy and data protection for our democracies and how the enjoyment of these rights is challenged by particularly big data and mass surveillance The book takes the perspective of the EU mandate under Article 16 TFEU It analyses the contributions of the specific actors and roles within the EU framework the judiciary the EU legislator the independent supervisory authorities the cooperation mechanisms of these authorities as well as the EU as actor in the external domain Article 16 TFEU enables the Court of the Justice of the EU to play its role as constitutional court and to set high standards for fundamental rights protection It obliges the European Parliament and the Council to lay down legislation that encompasses all processing of personal data It confirms control by independent supervisory authorities as an essential element of data protection and it gives the EU a strong mandate to act in the global arena The analysis shows that EU powers can be successfully used in a legitimate and effective manner and that this subject could be a success story for the EU in times of widespread euroskepsis It demonstrates that the Member States remain important players in ensuring privacy and data protection In order to be a success story the key stakeholders should be prepared to go the extra mile so it is argued in the book The book is based on academic research for which the author received a double doctorate at the University of Amsterdam and the Vrije Universiteit Brussels It builds on a long inside experience within the European institutions as well as within the community of

data protection and data protection authorities It is a must read in a time where the setting of EU privacy and data protection is changing dramatically not only as a result of the rapidly evolving information society but also because of important legal developments such as the entry into force of the General Data Protection Regulation This book will appeal to all those who are in some way involved in making this regulation work It will also appeal to people interested in the institutional framework of the European Union and in the role of the Union of promoting fundamental rights also in the wider world The Human Rights Covenants at 50 Daniel Moeckli,Helen Keller,Corina Heri,2018-06-06 Half a century ago on 16 December 1966 the UN General Assembly adopted the International Covenant on Civil and Political Rights ICCPR and the International Covenant on Economic Social and Cultural Rights ICESCR While the adoption of the two UN human rights covenants was celebrated all over the world their 50th anniversary has received very little attention from the international community The present book marks this anniversary by taking stock of the first half century of the existence of what are probably the world s two most important human rights treaties It does so by reflecting on what the covenants have achieved or failed to achieve in the years that have passed by determining and comparing their current influence in the various regions of the world and by assessing their potential roles in the future The book contains papers that were presented during a symposium held in Zurich in 2016 which brought together experts and stakeholders from a range of disciplines and world regions Some fundamental issues that are addressed by the contributors are as old as the two covenants themselves They concern for example the division of human rights into first and second generation rights and the question of whether there should be one central monitoring body possibly a world court or more than just one However the contributors go beyond such questions that have been explored before they develop new answers to old questions and point to new challenges **Politics and Governance in the UK** Michael Moran,2017-10-13 The third edition of this comprehensive and innovative textbook provides an invaluable narrative and insight into the ever changing landscape of British politics Updated to cover the 2015 General Election the Scottish independence referendum and changing relations with the European Union this extensively revised new edition sets out to provide students with a clear understanding of the core features of British politics and contemporary governance as well as an examination of the way in which the governing process is becoming increasingly multi level and multi agency Written in a concise and accessible style by one of the leading authors in the field this engaging text provides an illuminating framework that draws on the range of analytical issues and theoretical debates in the study of British politics Through Moran s unrivalled account of the way Britain is governed it is clear to see why this text continues to be essential reading for undergraduate students of British politics New to this Edition Continued discussion on the influence of EU membership on British politics A distinct emphasis on the rising importance of management in the system of government New 2017 update covers both the 2016 EU Referendum and the 2017 General Election as well as their repercussions for British politics

**The Other Side of the Security Coin** Nicholas Farnham,Stephan De Spiegeleire,Tim Sweijjs,2017-02-20 The presence

of peace is more than the absence of conflict Analyses and evaluations of the state of the international security environment often focus solely on the most concerning developments and tend to fall back on various conflict centric metrics when providing assessments of a given security landscape This chapter entitled The Other Side of the Security Coin investigates a number of positive socioeconomic trends occurring on a global level and how they can contribute to sustainable peace in the future Improving citizens access to socioeconomic opportunities and livelihood enhancing goods and services is a key factor in increasing the stake that citizens hold in the state of peace in their communities Fitting within global trends such as the rise of the platform economy and social media the role of technological and developmental processes improving individual empowerment will become more important for security and defense organizations in the near future As to how we can leverage the dramatic changes ongoing throughout the world to better suit our security objectives remains yet to be seen This study provides a brief overview of these trends and identifies the options for security and defense organizations to remain on top of them This study is part of the 2016 2017 HCSS StratMon
