**Proportionality and Facts in Constitutional Adjudication** Anne Carter, 2022-01-27 This book considers the relationship between proportionality and facts in constitutional adjudication. Analysing where facts arise within each of the three stages of the structured proportionality test: suitability, necessity, and balancing, it considers the nature of these facts vis-à-vis the facts that arise in the course of ordinary litigation. The book's central focus is on how proportionality has been applied by courts in practice and it draws on the comparative experience of four jurisdictions across a range of legal systems. The central case study of the book is Australia, where the embryonic and contested nature of proportionality means it provides an illuminating study of how facts can inform the framing of constitutional tests. The rich proportionality jurisprudence from Germany, Canada, and South Africa is used to contextualise the approach of the High Court of Australia and to identify future directions for proportionality in Australia at a time when the doctrine is in its formative stages. The book has three broad aims. First, it considers the role of facts within proportionality reasoning. Second, it offers procedural insights into fact-finding in constitutional litigation. Third, the book's analysis of the dynamic Australian case law on proportionality means it also serves to clarify the nature and status of proportionality in Australia at a critical moment. Since the 2015 decision of *McCloy v New South Wales*, where four justices supported the introduction of a structured three-part test of proportionality, the Court has continued to disagree about the utility of such a test. These developments mean that this book, with its doctrinal and comparative approach, is particularly timely.

**The Law of Privilege** Bankim Thanki, Tamara Oppenheimer, Chloe Carpenter, James Cutress, Patrick Goodall, Henry King, Rebecca Loveridge, Rosalind Phelps, Leonora Sagan, Adam Sher, Nik Yeo, 2025-07-30 The law of privilege is recognized as a fundamental right essential to the function of the rule of law. This book provides a comprehensive reference to legal professional privilege in both contentious and non-contentious contexts, addressing legal advice and litigation privilege as well as privilege against self-incrimination and without prejudice privilege. Providing detailed coverage of the nature of privilege, how it arises, how it is lost, and its limits, the book begins with an outline of the law and policy underlying privilege before providing guidance on issues that arise regularly in practice. These issues include exceptions with a detailed analysis of the iniquity exception, multi-jurisdictional issues, procedural matters, and challenges like pre-existing and partly privileged documents. It also covers the loss of legal professional privilege, including loss of confidence and implied and express waiver, the linked area of being without prejudice privilege, its scope, exceptions, rules governing waiver, and the position in respect of mediation as well as joint and common interest privilege. Systematically updated to cover all significant

developments in privilege law this fourth edition considers the wealth of recent case law that has been published and includes new sections addressing the issues of privilege that arise in criminal proceedings and Britain's withdrawal from the European Union Written by experts from Fountain Court chambers The Law of Privilege is unrivalled for its logical structure and clarity with extensive cross referencing and useful summaries ensuring ease of understanding and quick access to information It is an essential reference tool for practitioners in all fields of practice and students of Civil and Criminal Procedure providing a concise route through the complexities of privilege law      **Lunney & Oliphant's Tort Law** Donal Nolan, Ken Oliphant, 2023 The seventh edition provides a complete authoritative guide to the subject The book combines clear overviews of the law with well chosen extracts from cases and materials supported by insightful commentary      *Poole's Casebook on Contract Law* Robert Merkin, Séverine Saintier, 2023 All the cases you need together with the tools to understand them This contract casebook presents all the leading cases supplemented by succinct author commentary and thought provoking questions to deepen understanding Poole's Casebook on Contract Law takes a uniquely supportive approach to give students the confidence to engage with and analyse judgments Digital formats and resources The sixteenth edition is available for students and institutions to purchase in a variety of formats and is supported by online resources The e book offers a mobile experience and convenient access along with functionality tools navigation features and links that offer extra learning support a href <http://www.oxfordtextbooks.co.uk/ebooks> www.oxfordtextbooks.co.uk/ebooks a A selection of online resources accompanies this text including Exercises and guidance on reading cases      Poole's Casebook on Contract Law Robert Merkin, Severine Saintier, 2019 All the cases you need together with the tools to understand them Now updated by Professor Robert Merkin and Dr Severine Saintier Poole's Casebook on Contract Law takes a uniquely supportive approach to give you the confidence to engage with and analyse judgments      *A Model Civil Procedure Code for England and Wales* John Sorabji, 2024-10-14 Civil procedure law is integral to our understanding of access routes to justice dispute resolution and ultimately the rule of law However the field is rapidly changing shifting dispute resolution away from courts and judgments towards other legal pathways such as negotiation mediation arbitration and Ombudsman Similarly the increasing digitisation of society and looming potential of AI will profoundly influence future reforms Civil justice is thus at a critical turning point In response John Sorabji proposes a new model civil procedure code for England and Wales Building on the work of the ALI UNIDROIT Principles of Transnational Civil Procedure and the ELI UNIDROIT Model European Rules of Civil Procedure he articulates a simplified principle based seventeen part approach that covers all major stages from issue to enforcement with sections on costs and funding provisional measures access to evidence and privileges case statements hearings and dispute management Highlighting that civil courts are just one part of a wider civil justice ecosystem Sorabji promotes the wealth of avenues available for dispute resolution and charts how these should be co ordinated in the future He outlines new ways to efficiently incorporate breakthroughs in digitisation and preventive and consensual forms of justice and
