**Les élèves en situation de handicap** Martine Caraglio, 2019-08-21T00:00:00+02:00 Tous les enfants ont le droit d'être scolarisés. Pourtant ce droit a longtemps été mis aux oubliettes. Comment l'école leur a-t-elle ouvert ses portes ? Doivent-ils être scolarisés en milieu ordinaire ou en établissement médico-social ? Quelles sont les orientations internationales et l'arsenal législatif dont la dernière loi de 2013 a fait partie ? Mais au fait qui sont les élèves en situation de handicap ? Autant de questions que pose Martine Caraglio qui brosse ici un historique et un panorama des politiques actuelles fondées sur un nouveau modèle : celui de l'inclusion. Ce paradigme présente une adaptation de l'environnement à l'élève parce que le handicap n'est pas une anomalie mais le résultat de l'interaction entre la personne et son environnement.

L'Ecole inclusive : un défi pour l'école. Repères pratiques pour la scolarisation des élèves handicapés Pascal Bataille, 2018-08-16 Jadis pensée en termes d'éducation spéciale, l'intégration de chaque élève dans l'institution scolaire quelles que soient les difficultés rencontrées dans son histoire doit être aujourd'hui concue selon le principe de l'accessibilité universelle. C'est dire que nous devons quitter le registre de la rémission diététique et compassionnelle, abandonner la discrimination systématique vers des familles de relégation et rechercher obstinément comment multiplier les ressources de l'école pour qu'elle puisse accompagner tous les élèves dans des apprentissages exigeants. Tel est le projet de l'école inclusive. Il ne s'agit pas simplement de nier le handicap ni à fortiori de refuser de voir les accidents personnels physiques et psychiques sociaux et affectifs dont certains élèves ont été victimes. Il ne s'agit pas seulement non plus de se assurer de la seule présence dans les classes normales des élèves présentant des troubles ou des handicaps. Il s'agit de repenser le fonctionnement même de la classe et de l'école partir d'axes forts : un partenariat structuré au service de l'élève, mettant en relation parents, institutions et professionnels spécialisés, une pédagogie différenciée, mobilisant des ressources multiples pour aider l'élève à progresser et se dépasser, une démarche d'orientation tout au long de la vie pour lui permettre de se inscrire dans un emploi durable. Voilà ce que Pascal Bataille et Julia Midelet nous proposent dans ce livre riche en analyses et en références, ainsi qu'en outils concrets utilisables au quotidien par les praticiens. Leur ouvrage porté par une théorie exigeante promeut une professionnalité enseignante qui bénifiera tous les élèves. Il offre des perspectives nouvelles et indispensables à l'école d'aujourd'hui.

**Inclure le handicap, recomposer l'école ?** Collectif, 2018-09-12 La loi du 11 février 2005 qui

consacre le passage de l intégration l inclusion des personnes en situation de handicap est devenue emblematique dans le champ scolaire En France le nombre d élèves handicapés scolarisés en milieu ordinaire a connu une progression de près de 80 % depuis 2006 Mais l'école peut-elle s'adapter tout type de déficience Jusqu'où le cadre institutionnel et les professionnels qui le font tenir au quotidien peuvent-il s'adapter aux exigences de la différenciation pédagogique que n'cessitent ces élèves Faut-il dès lors inventer de nouveaux métiers d'accompagnement des parcours Ou enrichir le curriculum de formation de manière à mieux outiller les enseignants Et du côté des élèves et de leurs familles quels types d'expériences scolaires le handicap peut-il susciter Le fonctionnement à la fois public et intime de l'institution scolaire ouvre ainsi de nouvelles pistes et catégories d'analyse pour penser notre société à la preuve civique de la diversité et de l'altérité Ce cinquième opus des Entretiens Ferdinand Buisson propose des pistes opérationnelles et favorise les interactions entre recherches universitaires et pratiques professionnelles sur cette question sensible
