Etienne Nodet, 2011-11-03 A very active member of the cole Biblique et Arch ologique Fran aise de J rusalem that has done so much to introduce historical criticism into the believer's reading of the Scriptures tienne Nodet proposes here a beautiful history book Certainly in putting forward to the general public an accessible synthesis of scholarly and dense works carried out successfully in these recent years he spares the reader the ponderousness of a critical apparatus and consigns to Appendix I the citation of his principal ancient sources He invites the reader to a fascinating effort of the intelligence and of the heart that constitutes the profession of a historian documentation appraisal of documents examining witnesses comparisons inductions and deductions even textual criticism is sometimes called upon for example he is one of those who postulates the existence of a Western Text of the New Testament and draws interesting hypotheses from its comparison with the standard text of the critical editions In a second appendix not found in the original French work he presents a new translation of Josephus War of the Jews for hints of authentic non Christian evidence about Jesus and John the Baptist Beginning with the Gospel accounts of the infancy of Jesus the author opens up for us the main features of the life of Jesus in a reading that oscillates between the questioning of the historical reference and the penetrating understanding of their verbal expression Finally there is the very suggestive sketch of the figure of James the brother of the Lord and the head of the early Jerusalem church *The History of the Decline and Fall of the Roman Empire ...
