Butterfly's Dream Marian C. Ghilea,2018-09-02 Once upon a time I dreamed I was a butterfly This is how Chuang Tzu s famous anecdote begins It is a short parable about the relativity of perception written more than two thousand years ago Many of us have experienced similar situations and wondered at times if we could tell dreams from reality Butterfly s Dream expands Chuang Tzu s story into a surreal quest of adventure romance and self discovery at the end of the 18th century Despite the fantasy like atmosphere the novel accurately follows the laws of physics and would best fit into the hard sci fi category Alberto is the second lieutenant on Excelsior a military brig involved mostly on sea patrolling missions He has a keen interest in science and a mind inclined towards exploration and introspection Most of his sailing trips are uneventful with his ship transporting troops and ammunition to various locations managed by the navy But things are about to change When the ship encounters a magnetic storm the crew members find themselves sailing in uncharted waters The next day Excelsior casts anchor at the pier of a mysterious city that doesn t seem to be located on Earth Soon Alberto becomes involved in complex events that make him question the surrounding reality and even his sanity The fabulous world he gets to explore looks nothing like the world from his space and time And what are space and time after all In this place so different from Earth Alberto meets Nivit a beautiful and accomplished physician and falls in love with her Soon they are swept into an unexpected journey of adventure and self discovery that carries them through stranger and stranger realms and realities Can the rational mind defy the irrational Can love defend against extreme weather and death Does time always flow in the same direction What is real What is a dream A mirror reflecting itself What would it show A mirror reflecting another mirror What would it see Look inside the mirror open the door step onto the path stretching beyond its surface and you might find out Are you ready If you enjoy reading this story I have a favor to ask Please write a review about it and recommend it to your friends But only if you like it
