3 Minute Summary of Scaling Up

Excellence by Hayagreeva Rao and Robert Sutton thimblesofplenty, thimblesofplenty is a group of friends who also happen to be business people and avid readers. We wanted to keep up with the latest business books but found that time was a factor. So we divided out the work and each of us took a book and summarised it for the others. We thought it might be a great idea to share these summaries with you. For a small price and a 3 minute time investment our summary gives you some of the wisdom from the book, some food for thought and hopefully the impetus to make some time to read the whole book.

Principles-Focused Evaluation Michael Quinn Patton, 2017-09-28. How can programs and organizations ensure they are adhering to core principles and assess whether doing so is yielding desired results? From evaluation pioneer Michael Quinn Patton, this book introduces the principles focused evaluation (PFE) approach and demonstrates its relevance and application in a range of settings. Patton explains why principles matter for program development and evaluation and how they can serve as a rudder to navigate the uncertainties, turbulence, and emergent challenges of complex dynamic environments. In depth exemplars illustrate how the unique GUIDE framework is used to determine whether principles provide meaningful guidance. G and are useful. U inspiring. I developmentally adaptable. D and evaluable. E User friendly features include rubrics, a PFE checklist, firsthand reflections, and examples from experienced PFE practitioners. Sidebars and summary tables and end of chapter application exercises.

Scale-ups and High-Growth Firms Alex Coad, Anders Bornhäll, Sven-Olov Daunfeldt, Alexander McKelvie, 2024-03-14. This open access book goes into the details of the characteristics of scale ups, touching upon various theoretical perspectives, stages of growth models, the role of intangible capital, the tradeoffs between fixed costs and marginal costs relating to firm growth, to provide a clear definition of this emerging concept. Given the disproportionately large economic contribution of a small number of fast growing firms, there has been growing interest in a category of dynamic ventures called scale ups. The term was popularized by Silicon Valley Venture Capitalists before receiving attention from academics and public policy makers. However, there remains considerable confusion regarding what a scale up actually is. This is an open access book.

Scaling for Success T. Brad Harris, Andrew C. Bartlow, 2021-07-06. Managing a high growth organization requires both strategy and adaptability. Unfortunately, start-up founders and executives seeking to scale up to the next level find all too frequently that growth turns into chaos. Rather than laying the groundwork for the future, organizations get stuck by covering up complex problems with unsustainable band-aids and duct tape fixes, implementing anecdote-based solutions from the latest tech industry unicorns or leadership books, and relying on too much on-the-fly learning from inexperienced managers. This book is the definitive guide for leaders of high growth organizations seeking to understand and execute the people management principles that are essential to continued success. Combining a wealth of practical experience, well-grounded academic research, and easy-to-apply frameworks, Andrew Bartlow and T. Brad Harris offer a practical toolkit that founders, functional leaders, and managers of people can use to rethink their practices to

meet their organizations needs They help readers identify the core people management programs and practices that are best for an organization at its current stage and size while also supporting a foundation for continued development and the capacity to adapt to inevitable surprises Practical actionable and supplemented with numerous diagnostic tools and illustrative examples *Scaling for Success* is a must have playbook for organizational leaders pursuing smart and sustainable growth *Handbook of Research on Scaling and High-Growth Firms* Veroniek Collewaert,Justin J.P. Jansen,2025-07-15 This pioneering Handbook explores the nature of scaling and high growth It identifies specific patterns and strategies and discusses important drivers and determinants of high growth presenting a state of the art overview of existing research and introducing crucial new insights into the field both for academics and scaleup entrepreneurs advisors and ecosystem stakeholders

The Rise and Fall of the East Yasheng Huang,2023-01-01 The long history of China s relationship between stability diversity and prosperity and how its current leadership threatens this delicate balance Riveting Tunku Varadarajan Wall Street Journal A Foreign Affairs Best Book of 2023 Chinese society has been shaped by the interplay of the EAST exams autocracy stability and technology from ancient times through the present Beginning with the Sui dynasty s introduction of the civil service exam known as Keju in 587 CE and continuing through the personnel management system used by the Chinese Communist Party CCP Chinese autocracies have developed exceptional tools for homogenizing ideas norms and practices But this uniformity came with a huge downside stifled creativity Yasheng Huang shows how China transitioned from dynamism to extreme stagnation after the Keju was instituted China s most prosperous periods such as during the Tang dynasty 618 907 and under the reformist CCP occurred when its emphasis on scale the size of bureaucracy was balanced with scope diversity of ideas Considering China s remarkable success over the past half century Huang sees signs of danger in the political and economic reversals under Xi Jinping The CCP has again vaulted conformity above new ideas reverting to the Keju model that eventually led to technological decline It is a lesson from China s own history Huang argues that Chinese leaders would be wise to take seriously
