**REVISION
BOOKLET**

TERM 3 & 4

This revision program is designed to assist you in revising the critical content and skills covered during Terms 3 and 4. The purpose is to prepare you to understand the key concepts and to provide you with an opportunity to establish the required standard and the application of the knowledge necessary to succeed in the GRADE 11 examination. The content in this revision booklet is mostly presented by means of mind maps. This will help you to understand the content easier and also see the relationship between the topics. In most cases, content is integrated with mapwork. This revision booklet should be used in conjunction with the lessons of term 3 and 4.

Educating About/for Food Security Through Environmental Education Alishia A. Valeri, 2024-10-01 This text is relevant for members of faculties of education such as administrators directors of teacher education programs teacher educators for pre service and or inservice teachers and teacher candidates There is also a potential appeal to professors in higher education institutions as integration practices can be adapted to meet the requirements across disciplines K 12 classroom based teachers may find this text useful as a source for content based learning either from disciplinary or cross disciplinary practice as well as individuals serving in an educational capacity in community based settings for instance Parts of this work have already been presented in both US and Canadian based conferences such as the American Educational Research Association and the Canadian Society for the Study of Education and serve as optimal venues to reach the academic market Advertising in publications geared towards providing practical articles could also serve a way to reach classroom based and community based educators

ENDORSEMENTS Everybody needs to eat Unfortunately too many communities live food insecure and to not address this in our education system is a massive problem Valeri in the book *Educating about for Food Security through Environmental Education* offers brilliant insight through the study of integrating food security into teacher education In doing so Valeri shares the importance of language and specifically root metaphors in addressing food security as a deep cultural problem rather than one of natural occurrence and this book highlights generative ways to not only address food security in teacher education but also to prepare teachers that feel empowered to make very real material changes in their classrooms and communities John Lupinacci Washington State University In light of climate change and the impacts it will inevitably have on food production distribution *Educating about for food security through EE* is an important study examining the intersections of teacher education food security and sustainability Examining ways in which educators and researchers ought to integrate food security into classrooms while also examining the cultural causes of systemic inequity this book is important for teacher educators who are interested in further incorporating food security and suitability into their classrooms Brandon Edwards Schuth Oulu Finland
