United States. Congress. House. Committee on Un-American Activities, 1960 Proceedings, 1993 **The Law of**

Privilege Bankim Thanki, Tamara Oppenheimer, Chloe Carpenter, James Cutress, Patrick Goodall, Henry King, Rebecca Loveridge, Rosalind Phelps, Leonora Sagan, Adam Sher, Nik Yeo, 2025-07-30 The law of privilege is recognized as a fundamental right essential to the function of the rule of law. This book provides a comprehensive reference to legal professional privilege in both contentious and non-contentious contexts, addressing legal advice and litigation privilege as well as privilege against self-incrimination and without prejudice privilege. Providing detailed coverage of the nature of privilege, how it arises, how it is lost, and its limits, the book begins with an outline of the law and policy underlying privilege, before providing guidance on issues that arise regularly in practice. These issues include exceptions with a detailed analysis of the iniquity exception, multi-jurisdictional issues, procedural matters and challenges like pre-existing and partly privileged documents. It also covers the loss of legal professional privilege, including loss of confidence and implied and express waiver, the linked area of being without prejudice privilege, its scope, exceptions, rules governing waiver, and the position in respect of mediation as well as joint and common interest privilege. Systematically updated to cover all significant developments in privilege law, this fourth edition considers the wealth of recent case law that has been published and includes new sections addressing the issues of privilege that arise in criminal proceedings and Britain's withdrawal from the European Union. Written by experts from Fountain Court Chambers, *The Law of Privilege* is unrivalled for its logical structure and clarity, with extensive cross-referencing and useful summaries ensuring ease of understanding and quick access to information. It is an essential reference tool for practitioners in all fields of practice and students of Civil and Criminal Procedure, providing a concise route through the complexities of privilege law.

Conflicting Humanities Rosi Braidotti, Paul Gilroy, 2016-06-30 How might we reinvent the humanities? This is the question at the heart of this provocative volume. It is a difficult mission and definitely one which needs to be addressed with increasing urgency. There is no better cast to confront and problematize this question than the contributors to *Conflicting Humanities*. They are world-renowned thinkers who can tackle the problem as researchers and teachers but also as prominent public intellectuals. Taking the intellectual and political legacies of Edward Said as a point of departure and frame of reference, the contributors working in a range of disciplinary settings consider the current condition of humanism and the humanities. Said's definition of the core task of the Humanities as the pursuit of democratic criticism remains more urgent than ever, though it needs to be supplemented by gender, environmental, and anti-racist perspectives as well as by detailed analysis of the necropolitical governmentality of our time. An innovative piece of scholarship, this volume is committed to the refusal of a world riven by new kinds of warcraft, injustice, and exploitation.
