Observations Sur La Torture:

Observations sur la physique, sur l'histoire naturelle et sur les arts François Rozier, Jean-André Mongez, Jean-Claude de La Métherie, Henri-Marie Ducrotay Blainville, 1800 **Observations sur l'histoire naturelle, sur la physique et sur la peinture, avec des planches imprimées en couleur** Jacques Gautier d'Agoty, 1752 **Observations sur la physique** Blainville, 1800 , **Essai de rhétorique ou Observation sur la partie oratoire des quatre principaux historiens latins** Joseph Naudet, 1816 L'hermite de Londres ou observations sur les mœurs et usages des Anglais au commencement du XIXe siècle ... Felix Macdonogh, 1821 *Perspectives of International Law in the 21st century / Perspectives du droit international au 21e siècle*, 2011-10-28 This Liber Amicorum appears on the occasion of Professor Christian Dominic's 80th birthday. It includes contributions by his colleagues and friends from distinguished universities and international institutions. It covers different fields in which he has excelled. This collective work is divided into three main sections. The first section examines matters concerning the principles and fundamentals of international law in the 21st Century. The second section is devoted to the law and practice of International Organizations and Courts. The third section addresses issues related to the international protection of human rights and international humanitarian law. The result is a collection of stimulating analysis of most of the topical problems of international law. The contributions are in both English and French. Ce Liber Amicorum est publié à l'occasion du 80^{me} anniversaire du Professeur Christian Dominic. Il comprend des contributions de ses collègues et amis venant de prestigieuses universités et institutions internationales. Il couvre différents domaines dans lesquels celui-ci a excellé. Cet ouvrage collectif est divisé en trois sections. La première section traite des principes et fondamentaux du droit international du 21^{me} siècle. La deuxième section est consacrée au droit et la pratique des organisations internationales et des cours. La troisième section étudie certains aspects concernant la protection internationale des droits de l'homme et du droit international humanitaire. Il en résulte une collection d'analyses stimulantes sur des problèmes très actuels du droit international. Les contributions sont en anglais et en français. **Observation sur plusieurs points importants de notre législation criminelle** A. Dupin, 1821 Mœurs administratives, pour faire suite aux observations sur les mœurs et les usages français [sic] au commencement du XIXe. siècle Jacques-Gilbert Ymbert, 1825 **Mœurs administratives. Pour faire suite aux Observations sur les mœurs et les usages français [sic] au commencement du XIXe siècle. Orné de deux gravures et de dix-huit vignettes** Ymbert (M., Jacques-Gilbert), 1825 *A catalogue of a valuable collection of books; containing the libraries of R. Clerk, R. Morland [&c.]*. Thomas Payne, 1798 Human Rights Under African Constitutions Abdullahi Ahmed An-Na'im, 2013-10-09 Some of the most massive and persistent violations of human rights occur in African nations. In *Human Rights Under African Constitutions: Realizing the Promise for Ourselves*, scholars from a wide range of fields present a sober systematic assessment of the prospects for legal protection of human rights in Africa. In a series of detailed and highly contextual studies of Ethiopia, Ghana, Guinea, Morocco, Mozambique, Nigeria,

Rwanda Senegal South Africa Sudan and Uganda experts seek to balance the socioeconomic and political diversity of these nations while using the same theoretical framework of legal analysis for each case study Standards for human rights protection can be realized only through direct and strong support from a nation's legal and political institutions The contributors to this volume uniformly conclude that a well informed and motivated citizenry is the most powerful force for creating the political will necessary to effect change at the national level In addition to a critical evaluation of the current state of human rights protection in each of these African nations the contributors outline existing national resources available for protecting human rights and provide recommendations for more effective and practical use of these resources ... A Preliminary Bibliography of Modern Criminal Law and Criminology John Henry Wigmore, 1909 **Bulletin: Wigmore, J.H.** **A preliminary bibliography of modern criminal law and criminology. 1909**, 1909 *Universal Jurisdiction* Stephen Macedo, 2006-02-22 Universal jurisdiction is becoming a potent instrument of international law but it is poorly understood by legal experts and remains a mystery to most public officials and citizens **The Immunity of States and Their Officials in International Criminal Law and International Human Rights Law** Rosanne Van Alebeek, 2008-03-06 The development of international human rights law and international criminal law has triggered the question whether states and their officials can still shield themselves from foreign jurisdiction by invoking international immunity rules when human rights issues are involved The Pinochet case was the first case that put this issue in the limelight of international attention Since then the question has been put to several domestic and international courts and has engaged the minds of scholars and politicians around the world This book examines the tension between international immunity rules international human rights law and international criminal law The progressive development of a normative system of international human rights law and international criminal law without the simultaneous development of international institutional enforcement mechanisms had brought the question of the role of national courts in the application of these norms to the fore and has made the question as to the relation between immunity rules and human rights and international criminal law an immediate one The tension between the centuries old immunity rules and the relatively recent developments in international human rights law and international criminal law presents itself in two distinct forms In the first place it can be questioned whether immunity rules as such are compatible with certain fundamental rights of individuals under international law such as the rights of access to court the right to a remedy or the right to effective protection Secondly it can be questioned whether immunity rules apply unabridged in proceedings concerning grave human rights abuses In its examination of these two questions this book sets out to clearly distinguish the different scope and nature of the rule of state immunity the rule of functional immunity and the personal immunity of diplomatic agents and heads of state While strong arguments against certain applications of immunity rules can be derived from international human rights law and international criminal law this book argues that an unqualified attack on immunity rules risks casting a shadow over all human rights based arguments **Observation sur les instincts**
