 of the most gifted historians of the twentieth century His scholarly interests ranged widely from the Puritan Revolution to the
 Scottish Enlightenment Yet he was also fascinated by the events of his own lifetime and wrote widely on issues of espionage
 and intelligence as well as maintaining a fascination with the workings and personalities of Nazi Germany In this volume a

 achievements as an historian Covering the full range of Trevor Roper s interests this volume will be essential for anyone who
 wishes to better understand this great historian and his work James I (Penguin Monarchs) Thomas Cogswell,2017-12-07
 James s reign marked one of the very rare major breaks in England s monarchy Already James VI of Scotland and a highly
 experienced ruler who had established his authority over the Scottish Kirk he marched south on Elizabeth I s death to
 become James I of England and Ireland uniting the British Isles for the first time and founding the Stuart dynasty which
 would with several lurches reign for over a century Indeed his descendant still occupies the throne A complex curious man
 and great survivor James drastically changed court life in London and presided over such major projects as the Authorized
 Version of the Bible and the establishment of English settlements in Virginia Massachusetts Gujarat and the Caribbean
 Although he failed to unite England and Scotland he insisted that ambassadors acknowledge him as King of Great Britain and
 that vessels from both countries display a version of the current Union Flag He was often accused of being too informal and
 insufficiently regal but when his son Charles I decided to redress these criticisms in his own reign he was destroyed How
 much of the roots of this disaster were to be found in James s reign is one of the many problems dramatized in Thomas
 Cogswell s brilliant and highly entertaining new book **An Encyclopaedia of Occultism** Lewis Spence,2006-09-01 This
 compendium of information on the occult sciences occult personalities psychic science demonology spiritism and mysticism
 was one of a kind when it was first published in 1920 and is still considered the best in its field today Spence organizes a
 world s worth of magic from Ab a magical month in the ancient Semitic calendar to Zulu witch finders into 2 500 dictionary
 style entries that explore concepts and personalities both familiar Freemasonry Morgan le Fay and obscure palingenesy a
 process by which plants or vegetables are destroyed and then resurrected Leonora Galigai a 17th century Italian aristocrat
 who was burned as a witch A delight for devotees of the weird and the strange and a valuable resource for students of
