As the demographics of workplaces in the United States continue to evolve to include more women employees, a growing percentage of aged employees, and greater racial diversity, a broad understanding of human resource management issues in multiple functions is necessary. Today's workplace professionals need to be up to speed on best practices for staffing, training, and development, performance appraisals, work-family integration, compensation, health and safety, equal employment opportunity, disciplinary strategies, and labor relations, just to mention a few of the most important issues. Contributors to this exhaustive four volume set include human resource consultants, employers, scholars, management consultants, and therapists offering proven, workable solutions to assist employers in managing diversity in the 21st century workforce. The books cover topics such as diverse succession planning, formal mentoring programs, discrimination in religious organizations, transgender female workers, flexible work schedules, generational cohorts, and paid leave policy.
