This textbook is intended for upper-level undergraduate and graduate students, though scholars, teachers, practitioners, athletic administrators, and advocates of intercollegiate athletics will also find it essential. The book is arranged into 16 individual chapters that cover a range of topics on college athletes' rights and well-being. Provided by publisher.

Sovereign Credit Rating Ahmed Naciri, 2016-12-19 The current degradation of sovereign balance sheets raises very real concerns about how sovereign creditworthiness is measured by credit rating agencies. Given the disastrous economic and social effects of any downgrade, the book offers an alternative and calls for more transparency about the quantitative measures used in calibrating the rating process and how sovereign ratings are validated. It argues that oversight is required and procedures improved, including subjecting methodologies of assessing default to more standardization and monitoring. Sovereign Credit Rating explains the process of sovereign creditworthiness assessment and explores the consequences of possible inaccuracies in the process. Developing an innovative new methodology to assess ratings accuracy, it shows that the announcement of each rating action by the major credit rating agencies shows alarming inconsistencies. Written by an internationally recognized author and professor, this unique book will be of interest to researchers and advanced students in corporate governance, accounting, public finance, and regulation.

Confronting the Racist Legacy of the American Child Welfare System Alan J. Dettlaff, 2023-07-28 In *Confronting the Racist Legacy of the American Child Welfare System*, Alan J. Dettlaff presents a call to abolish the American child welfare system due to the harm and destruction it causes Black families. Dettlaff provides evidence of the vast harms that result from family separations and placement in foster care to make a case that the child welfare system is beyond reform. Rather, the only solution to ending this harm is complete abolition of the child welfare system and a fundamental reimagining of the way society cares for children and families.
