Story of Harry Singh & Sophie Kaur Madan

Das,2014-06-18 A very engrossing tale set during the British era It is a fast moving narrative with humour and anecdotes of the Indian subcontinent and the British ruling class The story revolves around an innocent heist carried out by a group of simple Indian soldiers to save their honour and in so doing a real life hero emerges who leads an attack successfully during World War II and puts an entire beach in Indonesia in the laps of his English masters After the war he sweeps an heiress who is a surviving passenger of the ill fated HMS Titanic off her feet and into his arms The misdemeanour enacted by the soldiers remains ensconced in secrecy for a decade and half However due to a string of circumstances the perpetrators are cajoled into revealing the misdeed during a drinking binge in a grand hotel setting in New Delhi ten years after India's independence in a chance encounter with their erstwhile pre independence British officers Since the mystery is revealed only in the last few pages of the book the reader remains rivetted to the novel and is kept spellbound through out

Princeton Alumni Weekly ,1948 *The Cold!* G. C. Conrad,2018-03-30 It is the year 2038 during a period dominated by the politics and corruption of a worldwide socialism movement and manmade global warming In his first eighteen months in office the new president of the United States has seemingly guided his country in a positive direction For the first time in decades it seems everyone is happy until a lone army officer makes a phone call that changes everything Army colonel Bill Crichton has just realized he and his fellow climate researchers have been deceived for the better part of thirty years After he communicates his fears to his superiors that a natural catastrophe is about to strike the planet Crichton and his small yet dedicated cadre find themselves in the crosshairs of armed international mercenaries led by powerful people with ties to the White House Now as Crichton and the female leader of a secret underground facility are unwittingly propelled into a dangerous situation they must not only attempt to stay alive amid a murderous global conspiracy but also save the human race from the next ice age *The Bomber Boys* Mona D. Sizer,2013-01-03 At the beginning of World War I the English were more fascinated than frightened by the gigantic silently floating Zeppelins Using their flashlights they sought them through the fog unthinking that they were guiding them to drop bombs over London At Pearl Harbor the Japanese samurai damaged or destroyed all the ships on Battleship Row almost destroying the harbor s usefulness for the duration of the war Over Ploesti Rumania the American Fifteenth Air Force never did succeed in destroying Hitler s primary source of oil for his tanks Colonel Paul Tibbets pulled the Enola Gay back on her tail and aimed her skyward to take off from the carrier Hornet to bomb Tokyo THE BOMBER BOYS is the story of all those raids and more Author Mona Sizer is noted for her exciting scenes and careful research *War Stories* Bart Hagerman,1993 The 17th Airborne was one of five Airborne divisions activated by the United States during WWII Although frequently overshadowed by the more famous 82nd and 101st Airborne Divisions the 17th Airborne fought with distinction alongside them in the Battle of the Bulge This book chronicles some of the experiences of the men of the 17th Airborne on the occasion of the 50th Anniversary of the division s activation **Garner's Modern American Usage** Bryan Garner,2009-08-27 Since first appearing in 1998 Garner s Modern American Usage has

established itself as the preeminent guide to the effective use of the English language Brimming with witty erudite essays on troublesome words and phrases this book authoritatively shows how to avoid the countless pitfalls that await unwary writers and speakers whether the issues relate to grammar punctuation word choice or pronunciation Now in the third edition readers will find the Garner's Language Change Index which registers where each disputed usage in modern English falls on a five stage continuum from nonacceptability to the language community as a whole to acceptability giving the book a consistent standard throughout Garner's Modern American Usage 3e is the first usage guide ever to incorporate such a language change index and the judgments are based both on Garner's own original research in linguistic corpora and on his analysis of hundreds of earlier studies Another first in this edition is the panel of critical readers 120 plus commentators who have helped Garner reassess and update the text so that every page has been improved
