Learning, Marginalization, and Improving the Quality of Education in Low-income Countries Daniel A. Wagner, Nathan M. Castillo, Suzanne Grant Lewis, 2022-02-21 Improving learning evidence and outcomes for those most in need in developing countries is at the heart of the United Nations Sustainable Development Goal on Education SDG4 This timely volume brings together contributions on current empirical research and analysis of emerging trends that focus on improving the quality of education through better policy and practice particularly for those who need improved learning at the bottom of the pyramid LBOP This volume brings together academic research experts government officials and field based practitioners National and global experts present multiple broad thematic papers ranging from the effects of migration and improving teaching to the potential of educational technologies and better metrics for understanding and financing education In addition local experts practitioners and policymakers describe their own work on LBOP issues being undertaken in Kenya India Mexico and Ivory Coast The contributors argue persuasively that learning equity is a moral imperative but also one that will have educational

economic and social impacts They further outline how achieving SDG4 will take renewed and persistent effort by stakeholders to use better measurement tools to promote learning achievement among poor and marginalized children This volume builds on the second international conference on Learning at the Bottom of the Pyramid LBOP2 It will be an indispensable resource for policymakers researchers and government thinktanks and local experts as well as any readers interested in the implementation of learning equity across the globe The first volume Learning at the Bottom of the Pyramid LBOP1 may be obtained at <http://www.iiep.unesco.org/en/learning-bottom-pyramid> 4608

Enhancing Teacher Education, Development, and Evaluation Alyson L. Lavigne, Thomas L. Good, 2019-03-26 Enhancing Teacher Education Development and Evaluation examines the complex role that recent educational reforms have played in the teaching profession The failure of programs like Race to the Top to benefit teaching and learning outcomes has yielded many questions about what went wrong and how a research based plan for true systemic progress could actually work Covering inaccurate narratives about schools and student achievement evidence for teacher effectiveness and the history and repercussions of Race to the Top this book culminates with a proposal for future research and policy initiatives that more accurately and more equitably prioritize the measurement and improvement of teaching and learning Five concise yet comprehensive chapters invite teacher and principal educators teachers and school leaders in training district administrators policymakers and other stakeholders to better understand the implications of and possible paths beyond misguided reform efforts An overview of the recent past and an inspiration for the immediate future this definitive analysis offers insights into how more reasonable empirically derived strategies will ultimately foster more successful schools

Primary and Secondary Education During Covid-19 Fernando M. Reimers,2021-09-14 This open access edited volume is a comparative effort to discern the short term educational impact of the covid 19 pandemic on students teachers and systems in Brazil Chile Finland Japan Mexico Norway Portugal Russia Singapore Spain South Africa the United Kingdom and the United States One of the first academic comparative studies of the educational impact of the pandemic the book explains how the interruption of in person instruction and the variable efficacy of alternative forms of education caused learning loss and disengagement with learning especially for disadvantaged students Other direct and indirect impacts of the pandemic diminished the ability of families to support children and youth in their education For students as well as for teachers and school staff these included the economic shocks experienced by families in some cases leading to food insecurity and in many more causing stress and anxiety and impacting mental health Opportunity to learn was also diminished by the shocks and trauma experienced by those with a close relative infected by the virus and by the constraints on learning resulting from students having to learn at home where the demands of schoolwork had to be negotiated with other family necessities often sharing limited space Furthermore the prolonged stress caused by the uncertainty over the resolution of the pandemic and resulting from the knowledge that anyone could be infected and potentially lose their lives created a traumatic context for many that undermined the necessary focus and dedication to schoolwork These individual effects were reinforced by community effects particularly for students and teachers living in communities where the multifaceted negative impacts resulting from the pandemic were pervasive This is an open access book

Teacher Quality and Education Policy in India Preeti Kumar,Alexander W. Wiseman,2021-03-31 By drawing on quantitative data and qualitative analyses of five major national education policies implemented in India over the last 15 years this comprehensive volume explores their impact on teacher quality and perceived effectiveness explaining how this relates to variations in student performance Responding to a national agenda to increase the quality of the Indian teacher workforce Teacher Quality and Education Policy in India critically questions the application of human capital theory to Indian education policy Chapters provide in depth and strategically structured analyses of five national policies including the recently approved National Education Policy NEP 2020 to see how Indian policymakers use teacher quality as a driver and measurement of education and national economic development Ultimately the text offers evidence based policy recommendations to improve teacher quality in India suggesting that while all five policies have contributed significant frameworks and recommendations for teacher quality reform they have failed to move beyond a symbolic function Given its

rigorous methodological approach this book will be a valuable addition to the under researched question of education policymaking in postcolonial contexts It will be an indispensable resource not only for scholars working on policymaking in the Indian context but also for those working at the intersection of education teacher development and policymaking in developing countries

The Economics of Equity in K-12 Education Goldy Brown III,Christos A. Makridis,2023-02-07 Despite decades of increased state and federal funding for education student outcomes have largely deteriorated according to the 2022 NAEP exam results reading and math capabilities hit a thirty year low The emerging workforce is less prepared to handle the increasingly complex demands of the future which is likely to accelerate income inequality and stifle our nation s economic and social competitiveness Presenting the latest research on the economics of K 12 education this book makes recommendations about specific educational programming that have shown potential in increasing student outcomes for all learners focusing on human capital and practical recommendations for state and local policy makers and educational leaders

Becoming a teacher Josef de Beer,2020-12-31 This book disseminates original research on learning in and from practice in pre service teacher education Authors such as Lederman and Lederman describe the student teaching practicum

or work integrated learning WIL which is an essential component of pre service teacher education as the elephant in the room These authors note that the capstone experience in any teacher education programme is the student teaching practicum after all this is where the rubber hits the road However many teacher educators will agree that this WIL component is sometimes very insufficient in assisting the student teacher to develop their own footing and voice as a teacher This is the gap that this research book addresses Most of the chapters in the book report empirical data with the exception of two chapters that can be categorized as systematic reviews WIL is addressed from various angles in the chapters Chapter 6 focuses on research related to what makes Finnish teacher education so effective and in Chapter 4 researchers of the University of Johannesburg disseminate their findings on establishing a teaching school based on Finnish insights in Johannesburg Chapter 3 highlights the challenges faced in open and distance learning teacher education contexts Several of the chapters disseminate research findings on alternative interventions to classic WIL namely where safe spaces or laboratories are created for student teachers to learn and grow professionally These could either be simulations such as software programmes and avatars in the intervention described in Chapter 2 student excursions as the findings in chapters 5 7 and 10 portray or alternative approaches to WIL e g Chapters 11 and 12 The book is devoted to scholarship in the field of pre service teacher education The target audience is scholars working in the fields of pre service teacher education work integrated learning and self directed learning The book makes a unique contribution in terms of firstly its extensive use of Cultural Historical Activity Theory as a research lens and secondly in drawing on various theoretical frameworks Both quantitative and qualitative research informed the findings of the book
