Activity Masters

Instructions

Included in the *Math 76 Home Study Packet* are 10 activity masters which may be used to support some lesson activities. Activity Master 1 is a Test Scores Line Graph introduced in Lesson 18. This graph may be used to practice line graphing by graphing math test scores from week to week.

Activity Masters 2, 3, and 4 are fraction manipulatives to assist in activities in Lessons 23, 25, and 28, respectively. We suggest the student color-code the front and back of their copy of the fraction manipulatives before cutting them.

Activity Master 5 is a copy of the hundred number chart. This chart is used in the activity in Lesson 61.

Activity Master 6 is a coordinate plane that can be used in Lesson 74 instead of graph paper. After the student graphs points on the coordinate plane, the Activity Master will be used to answer questions in the lesson.

Activity Masters 7, 8, 9, and 10 are models of the Platonic solids. The student will use these in the activities in Investigation 3 and Investigation 6. Activity Master 10 requires two copies to form the figure, so we have included a second copy for your use.
