The Race Controversy in American Education Lillian Dowdell Drakeford Ph.D.,2015-07-28

In this unique two volume work expert scholars and practitioners examine race and racism in public education tackling controversial educational issues such as the school to prison pipeline charter schools school funding affirmative action and racialized curricula This work is built on the premise that recent efforts to advance color blind race neutral educational policies and reforms have not only proven ineffective in achieving racial equity and equality of educational opportunities and outcomes in America s public schools but also exacerbated existing inequalities That point is made through a collection of essays that examine the consequences of racial inequality on the school experience and success of students of color and other historically marginalized populations Addressing K 12 education and higher education in historically black as well as predominantly white institutions the work probes the impact of race and racism on education policies and reforms to determine the role schools school processes and school structures play in the perpetuation of racial inequality in American education Each volume validates the impact of race on teaching and learning and exposes the ways in which racism manifests itself in U S schools In addition practical recommendations are presented that may be used to confront and eradicate racism in education By exposing what happens when issues of race and racism are marginalized or ignored this collection will prepare readers to resist and perhaps finally overcome the racial inequality that plagues America s schools

Perspectives on the Knowledge Problem in New Zealand Education Megan Lourie,Graham McPhail,2021-08-06

This book offers new ideas for thinking about how more equitable outcomes might be achieved in New Zealand so that all students are well equipped to live and work in contemporary society It addresses a social justice concern about access to the unique affordances of subject knowledge which comprises two forms of knowledge propositional knowledge that and applied knowledge know how to The book provides perspectives on curriculum design by grounding arguments in a theory of knowledge It describes the different knowledge forms of the theory and argues that understanding these differences is significant for curriculum design and enactment It explains why the current imbalance between knowledge forms is a problem and offers suggestions for change Understanding about knowledge itself enables more just and equitable outcomes for all students This book illustrates how different knowledge types and forms can be used together productively to help students develop adaptive expertise for the 21st century making it a valuable contribution to the field of education

The

Aesthetics and Politics of Linguistic Borders Heidi Grönstrand, Markus Huss, Ralf Kauranen, 2019-10-18 This collection showcases a multivalent approach to the study of literary multilingualism embodied in contemporary Nordic literature While previous approaches to literary multilingualism have tended to take a textual or authorship focus this book advocates for a theoretical perspective which reflects the multiplicity of languages in use in contemporary literature emerging from increased globalization and transnational interaction Drawing on a multimodal range of examples from contemporary Nordic literature these eighteen chapters illustrate the ways in which multilingualism is dynamic rather than fixed resulting from the interactions between authors texts and readers as well as between literary and socio political institutions The book highlights the processes by which borders are formed within the production circulation and reception of literature and in turn the impact of these borders on issues around cultural linguistic and national belonging Introducing an innovative approach to the study of multilingualism in literature this collection will be of particular interest to students and researchers in literary studies cultural studies and multilingualism The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
