ECKM2014-Proceedings of the 15th European conference on Knowledge Management Carla Vivas,2014-10-01 The world economy in which we are living poses challenges that lead to a realization that more of the same will be difficult to sustain This provides an illustration that in order to create new or modified knowledge practices strengthen customer relationships and thus positively influence customer satisfaction organizations must be flexible in configuring combining knowledge and knowledge structures in a way that is appropriate for delivering value to the customer It must simultaneously develop effective strategies for updating the knowledge of its staff members necessary for underpinning the creation and delivery of appropriate knowledge services Thus unlearning forgetting becomes a critical means for organizational success The ECKM community of scholars has already initiated dialogue that links its particular strengths to innovation issues This conference aims to further that dialogue by attracting leading edge work that leverages the ECKM community s in depth understanding of learning and unlearning to better understand knowledge management Our aim is to stimulate breakthrough research streams linking learning unlearning and knowledge management How can organizations tailor use and extend techniques and tools from knowledge management for improving their business practices and processes Building upon existing work on knowledge management KM and organizational learning the conference will promote interdisciplinary approaches from computer science and information systems business management and organization science as well as

cognitive science Emphasis will be put on systematic learning from experience KM tools and KM success factors A special interest belongs to knowledge management initiatives which are lightweight i e do not place considerable additional burden on users and KM experts allow an incremental adoption i e do not require large up front investment before any return of investment is at least visible and are flexible regarding frequent changes in experts and topics Continuing the success of the ECKM conference series since 2000 the 2015 conference will provide an international communication forum bringing together academia and industry for discussing the progress made and addressing the challenges faced by continuous learning in knowledge intensive organizations **Thetics and Categoricals** Werner Abraham,Elisabeth Leiss,Yasuhiro Fujinawa,2020-07-22 Thetics and Categoricals do not belong to the categories of German grammar Thetics were introduced in logic as impersonal and broad focus constructions They left profound and extensive traces in the logic of the late 19th century For the class of thetic propositions the criterion of textual exclusion plays the major role i e the absence of any common grounds and of any anaphorism and background In the foreground are sentences with sub ject inversion subject suppression and detopicalization These and only these are suitable for text begin nings jokes stage advertisements and solipsistic exclamatives thus speech acts without com mu nicative goals free expressives in the true sense of the word The contribu tions in this volume not only guide the reader through the history of philosophical logic and distributions of impersonals in contrast to Kantian categorical sentences but also the correspondences in Japanese and Chinese which in contrast to German and English sport specific morphological markers for thetics as opposed to categoricals The Noun Phrase in English Alex Ho-Cheong Leung,Wim van der Wurff,2018-06-18 Building on a substantial earlier literature the chapters in this volume further advance knowledge and understanding of properties of the noun phrase in English The empirical material for the papers includes both historical and present day data with the two often shedding light on each other in a process of mutual illumination The topics addressed are the structure of nounless NPs like the poor and the obvious the article zero alternation in expressions like go to the church developments in the early history of adjective stacking the semantics of N clause units in present day English the history of N BE clause constructions and the decline of two anaphoric NPs in Early Modern English The volume will appeal to scholars working in this area and will also help those interested in the general field of English grammar to keep abreast of recent methods and results in NP related work

Temporality Maria Bittner,2014-04-24 Temporality surveys the ways in which languages of different types refer to past present and future events through an in depth examination of four major language types tense based English tense aspect based Polish aspect based Chinese and mood based Kalaallisut Cutting edge research on directly compositional dynamic semantics of languages with and without grammatical tense New in depth analysis of temporal aspectual modal as well as nominal discourse reference Presents a novel logical language for representing linguistic meaning Update with Centering Develops a unified theory of tense aspect mood and person as different types of grammatical centering systems   Linguistic Theory Robert De Beaugrande,2014-02-24 In Linguistic Theory Robert de Beaugrande analyses linguistic theories not as abstract ideas or theses but as the process and product of theoretical discourse He argues that the best documentation of this discourse can be found in the fundamental works of major linguists from Ferdinand de Saussure to Teun van Dijk and Walter Kintsch He therefore employs the highly unusual strategy of a close reading of these works as discourse performances and strives to uncover their main points and characteristic moves in the linguist s own words Through this approach the reader is able to appreciate and understand the variety and controversy among linguistic theories as they have emerged and developed in interaction with each other Special scrutiny is allocated to the issue of how far the active practice of the

linguists followed their own theories and proposals and why The author concludes by assessing the prospects for linguistics to be drawn from the retrospect in the previous chapters **INTERMEDIATE I YEAR COMMERCE & ACCOUNTANCY(English Medium) TEST PAPERS** VIkram Books,2014-11-28 Intermediate First Year Commerce Accountancy Test papers Issued by Board of Intermediate Education w e f 2013 2014 <u>Layers of Modality</u> Ana Werkmann Horvat,2021-10-25 Much of the literature on modality focuses at least implicitly on the occurrence of single modal auxiliaries However cross linguistically modal auxiliaries can co occur with one another but under interesting restrictions This monograph examines layered modal constructions and the semantic restrictions under which they combine The main puzzle addressed in the book is the question of ordering restrictions among modal auxiliaries and whether these have any semantic consequences and finally what the conceptual rationale is behind these restrictions Based on the data from Croatian the central proposal is that modal restrictions depend heavily on both modal force and flavour and combine according to a hierarchy that can possibly be extended cross linguistically since it rests on the basis of the conceptual and logical reality of human language The book also offers an in depth overview of the literature on layered modal constructions as well as a valuable and extensive set of analyzed data which will be of great interest for researchers interested in verbal systems modality and Slavic languages **Middle English Verbs of Emotion and Impersonal Constructions** Ayumi Miura,2014-11-03 Impersonal constructions in the history of English form a puzzling category in that there has been uncertainty as to why some verbs are attested in such constructions while others are not even though they look almost synonymous In this book Ayumi Miura tackles this under discussed question with special reference to verbs of emotion in Middle English Through a careful study of the behaviour of impersonal and near synonymous non impersonal verbs she identifies the factors that determined the presence absence and spread of impersonal usage with the verbs concerned Miura utilizes modern linguistic approaches including theories and methodologies adopted in the study of psych verbs in modern languages which bear close relevance to impersonal verbs of emotion but have traditionally been researched separately She also draws on categorizations in the Historical Thesaurus of the Oxford English Dictionary and harnesses the online Middle English Dictionary in a novel way demonstrating that dictionary materials are in fact a valuable tool in the study of early English syntax and semantics Miura concludes that a range of factors such as causation transitivity animacy of the target of emotion and duration of the emotion influenced the choice of impersonal constructions with Middle English verbs of emotion We can therefore make reasonable generalizations about when impersonal usage was licensed in these verbs This careful analysis of the correlation between Middle English verbs of emotion and use or non use in impersonal constructions represents a new empirical and theoretical contribution to the busy research area of impersonal constructions in the history of English **7 Years UPSC IAS/ IPS MAINS General Studies Paper 1 Year-wise Solved Papers (2013-2019) 2nd Edition** Disha Experts,2019-12-04 **6 Years UPSC IAS-IPS MAINS General Studies Paper 1 Year-wise Solved**
