Summarize

Summarizing means telling the main idea of a paragraph, section, or story. Writers will use summarizing sentences to describe a main idea.

- A good summary is short. It tells the most important ideas. It should not include many words or details.

Sometimes a paragraph's **topic sentence** provides a summary. **Details** can be found in other parts of the paragraph.

People from other places have come to the Americas for thousands of years. The first to arrive came from Asia more than 10,000 years ago. The earliest settlers probably traveled across a land bridge from Asia.

Word Exercise

Capitalization Knowing how capitalizing a word changes the meaning of that word helps you understand what you read. For example, the name **E**arth begins with a capital letter when it refers to a planet in our solar system. It begins with a lowercase letter, **e**arth, when it is describing dirt or the ground.

Liberalism is a careful analysis of the twentieth century decline of the labor liberal coalition and the important efforts to
revive their political fortunes Andrew Battista chronicles the efforts of several new political organizations that arose in the
1970s and 1980s with the goal of reuniting unions and liberals Drawing from extensive documentary research and in depth
interviews with union leaders and political activists Battista shows that the new organizations such as the Progressive
Alliance Citizen Labor Energy Coalition and National Labor Committee made limited but real progress in reconstructing and
strengthening the labor liberal coalition Although the labor liberal alliance remained far weaker than the rival business
conservative alliance Battista illuminates that it held a crucial role in labor and political history after 1968 Focuses on a
fraught but evolving partnership Battista provides a broad analysis of factional divisions among both unions and liberals and
