A NEW FEATURE FOR ON-LINE USE

We have now linked those measurement points, which are related to the multigram shown on the signal overview page. As example: clicking on the measurement point guides you to the matching multigram on the signal overview page. The next click onto the name shown signal guides you to the related measurement of point on the module. Finally, a third click, also onto the measurement point on the module, takes you back to the starting point inside the schematics.
