meaning Ambiguities deliberately cultivated in the earliest poems begin to boomerang and read like so many preludes to the struggles with language evident in the poetry of Celan s maturity It is a certainty that Celan reacted quickly if not immediately to the events befalling the scenes of his early years Czernowitz and the forced labor camp This phenomenon mandates the view of his poems as so many pieces of autobiography It thus is inevitable that as early as 1940 he wrote against the backdrop of war and soon thereafter in the shadow of the Holocaust that was destined to brand his mind forever This volume is meant for anyone interested in Celan close reading of modern poetry in general comparative literature motif studies poetic reactions to Holocaust events or even in a Jew s concept regarding the role of the deity in the destruction of those for whom the poet speaks **In the Land of the Blue Poppies** Frank Kingdon Ward,2003-04-15 An anthology of writings by the noted British explorer and plant collector describes his twenty two expeditions throughout Tibet China and Southeast Asia in search of rare and elusive species of plants **A History of Scandinavian Theatre** Frederick J. Marker,Lise-Lone Marker,1996-09-28 The theatrical heritage from which both Ibsen and Strindberg sprang is rich in tradition and achievement This study of the history and development of theatre in Scandinavia examines dominant styles and trends in various periods from the earliest performances in the Middle Ages to the provocative productions and experiments of the present day The closely interrelated theatrical cultures of Denmark Sweden and Norway have flourished for far longer than many outside observers realize Moreover as this book also demonstrates the manifest vitality of theatrical activity in the three Nordic countries has depended on a vigorous interaction not a one way traffic with European theatre at large By the second half of the nineteenth century as Ibsen and Strindberg began their rise to international prominence Scandinavian theatre came to occupy a more dominant position in the wider European framework In our own day more forcefully than ever before major Scandinavian stage directors and designers have continued to influence the shape and outlook of contemporary theatre as a whole This book the only work of its kind in English provides a balanced and authoritative account of the theatrical history of all three Scandinavian countries It is generously illustrated and comprehensively documented with an extensive bibliography **Foreign Policy and Security Strategy** Martin Wight,2023 This book collects works by the late Professor Martin Wight 1913 1972 an historian and scholar of international relations
