Homemade sushi guide for beginners ,2023-11-23 Introduction Sushi is by far the most well known Japanese cuisine and has become extremely popular at a global scale What used to be available only in Japanese restaurants is now readily available in a variety of food establishments grocery stores school cafeterias even gas stations Depending on where you live the sushi you re familiar with could be quite different than the authentic and traditional style originated in Japan But that s the beauty of it The concept of sushi has grown so multiculturally that there s new and interesting fusion creations all the time Although I respect and love the tradition of Japanese sushi it really excites me to see people having fun and exploring new boundaries when making sushi Traditionally in Japan to become a professional sushi chef would require years and years of dedication The first years were spent meticulously learning and repetitive training on cooking rice and preparing vegetables Not to mention the cleaning and maintenance of all supplies equipment and the restaurant itself Often you wouldn t even be able to touch the fish until a few years in Though this tradition has faded away a bit in modern years the culture still does exist and lives on And thankfully so because there s nothing quite like a perfectly crafted piece of nigiri by a traditionally taught master sushi chef But don t worry I m not asking you to dedicate years of your life to learning and crafting your sushi skills Sushi is often seen as a very intimidating cuisine that scares even the best chefs And yes it is a very complex skill filled with traditional techniques that take years upon years to master But don t let that discourage you from even trying I will guide you step by step through the fundamentals of sushi and teach you how to take that skill and make it your own My twenty plus years of training as a sushi chef originally started from my dad who s owned and operated a Japanese restaurant for more than thirty five years He taught me all the fundamentals and guided me throughout the first part of my sushi career I then started my own sushi catering company which I operated for more than ten years During this time I have had the pleasure of working with so many amazing clients I ve also had countless opportunities to teach how to make sushi and I noticed there was a gap between people who wanted to make sushi but didn t know how to even start scared to even That is the reason why I decided to write this book to share my knowledge and teach the proper fundamentals to those who are curious about making sushi Because as intimidating as it may be making sushi is actually quite easy to do at home To those who didn t know where to start well you chose the right book and I m excited for you This is the start line I have compiled years of my experience and simplified it into this one single book so that it can be a

gateway to your sushi journey Whether your goal is to make your favorite sushi at home impress your family and friends with your own sushi creations or practice to become a professional sushi chef this book will help you accomplish those goals You ll find many of my personal recipes in this book however this is not just a recipe book More so it is a skills development book that skill being the art of sushi Sushi is a unique and amazing cuisine where once you have the basics down you can let your imagination take over Take a sushi roll for example I can share hundreds of recipes on all different types of rolls and make this book four hundred plus pages but the fundamental techniques for each are very similar Sure there s slight differences which I do teach but most of it just takes repetition and practice My goal is to teach you the fundamentals of making sushi which will allow you to confidently take that skill and dive into the art of sushi on your own The beauty of sushi especially making it at home is in the endless possibilities and the fact that you can do whatever you want If you give a man a fish you feed him for a day If you teach a man to fish you feed him for a lifetime Yes pun intended The O2 Diet Keri

Glassman,2010-12-21 Kick start weight loss and boost beauty with an easy 4 day cleanse and a delicious 4 week antioxidant based program from CBS s The Early Show nutrition contributor In The O2 Diet nutritionist Keri Glassman translates cutting edge science into an easy to do program that will leave dieters energetic healthy and beautiful inside and out Glassman shows how dieters can and should indulge in foods like Caramelized Pear and Pecan French Toast and Flank Steak with Chimichurri Sauce and actually lose weight For once it s not about counting calories or restricting what one eats it s about eating more of the right things The diet is based on the ORAC Oxygen Radical Absorbance Capacity scale a calculus developed by the USDA that measures how well a food protects against free radicals the culprits behind many forms of cancer heart disease and symptoms of aging Research demonstrates that eating a high ORAC diet increases the antioxidant power of human blood 10 to 25 percent strengthening memory and cognition preventing cancer and heart disease improving skin and aiding in weight loss The O2 Cleanse kicks things off maximizing weight loss inspiring confidence and delivering immediate results The 4 week plan builds on initial success and includes simple guidelines for pampering and stress reduction that are proven to enhance weight loss Plus it gives dieters real world options for eating out and recipes that allow them to indulge at home with treats such as Chocolate Covered Pecans and Sangria This simple program is a positive empowering new way to approach eating that will leave readers slim sated and beautiful 1,000 Foods To Eat Before You
