Translation Marianne Lederer, 2014-04-08 This book the English version of *La traduction aujourd'hui* Hachette 1994 describes the interpretive theory of translation developed at the Paris Ecole Supérieure d'Interprètes et de Traducteurs ESIT over the last 35 years. The theory identifies the mental and cognitive processes involved in both oral and written translation understanding the text de-verbalizing its language re-expressing sense. For the purposes of translation languages are a means of transmitting sense they are not to be translated as such. Although translation involves the use of correspondences translators generally set up equivalence between text segments. The synecdochic nature of both languages and texts a phenomenon discussed in the book explains why translation is possible across language differences. The many practical problems faced by translators the difference between translation exercises used as a language teaching tool and professional translation translating into a foreign language and machine translation as compared to human translation are also discussed.

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
