Pompeii Awakened A Story Of Rediscovery:

Pompeii Awakened Judith Harris, 2014-10-28 The rediscovery of the Roman cities overwhelmed by the rage of Vesuvius is one of history's most extraordinary adventure stories Pompeii Awakened revels in that adventure and tells of the reemergence of a long vanished cosmopolis which profoundly inspired a later age from its arts and architecture to its science sex and religion

Pompeii in the Public Imagination from its Rediscovery to Today Shelley Hales, Joanna Paul, 2011-11-17 The city of Pompeii has had an enormous impact on Western imaginations since its rediscovery under the ashes of the volcano that destroyed it in 79 CE In the 250 years since excavations began Pompeii has helped to bring the ancient world to life for everyone from music hall audiences to gentleman scholars and it continues to have an impact on the way in which we think about the past and the human condition itself The contributors to this generously illustrated volume who include the novelist Robert Harris in a recorded interview investigate how Pompeii has been used in film fiction and art on both sides of the Atlantic over three centuries They explore the many different ways in which Pompeii inhabits our imaginations as ghostly relic of human suffering romantic ruin model of cultural inspiration home of a distant decadent culture and comforting model for everyday life

The Fires of Vesuvius Mary Beard, 2010-04-30 Although Pompeii still does not give up its secrets quite as easily as it may seem Mary Beard makes sense of the remains From sex to politics food to religion slavery to literacy she offers us the big picture of the inhabitants of the lost city

The Power of Art Caroline Campbell, 2023-10-12 To read most histories of art you might be forgiven for supposing that great artists are superhuman and the knowledge of different movements periods and styles is essential to truly appreciate art It's time to look at art in a new way THE POWER OF ART delves into the stories behind remarkable acts of creation in fifteen global cities at pivotal moments of artistic brilliance It shows how art is an integral part of our daily lives embedded in the very fabric of our existence From the enduring wonders of ancient Babylon to the menacing pastel architecture of contemporary Pyongyang eminent curator Caroline Campbell intertwines the stories of artists with the broader social cultural and political landscapes of their time In each vivid episode Campbell reveals how art in all its forms is a testament to humanity's inventiveness and ingenuity it has served our fundamental needs for shelter sustenance spirituality pleasure order and community But it can also evoke envy anger greed and even be used as a means of social control Spanning thousands of years of creativity THE POWER OF ART will ignite your imagination and open your eyes to the art that surrounds us whether it be a painting in a gallery a public sculpture or an everyday object with hidden beauty

British literature and archaeology, 1880-1930 Angela Blumberg, 2022-09-27 British literature and archaeology 1880-1930 reveals how British writers and artists across the long turn of the twentieth century engaged with archaeological discourse its artefacts landscapes bodies and methods uncovering the materials of the past to envision radical possibilities for the present and future This project traces how archaeology shaped major late Victorian and modern discussions informing debates over shifting gender roles facilitating the development of queer

iconography and the recovery of silenced or neglected histories inspiring artefactual forgery and transforming modern conceptions of authenticity and helping writers and artists historicise the traumas of the First World War Ultimately unearthing archaeology at the centre of these major discourses this book simultaneously positions literary and artistic engagements with the archaeological imagination as forms of archaeological knowledge in themselves *The Demographic Imagination and the Nineteenth-Century City* Nicholas Daly,2015-03-30 In this provocative book Nicholas Daly tracks the cultural effects of the population explosion of the nineteenth century the demographic transition to the modern world As the crowded cities of Paris London and New York went through similar transformations a set of shared narratives and images of urban life circulated among them including fantasies of urban catastrophe crime dramas and tales of haunted public transport refracting the hell that is other people In the visual arts sentimental genre pictures appeared that condensed the urban masses into a handful of vulnerable figures newsboys and flower girls At the end of the century proto ecological stories emerge about the sprawling city as itself a destroyer This lively study excavates some of the origins of our own international popular culture from noir visions of the city as a locus of crime to utopian images of energy and community *A Companion to the Flavian Age of Imperial Rome* Andrew Zissos,2016-03-07 *A Companion to the Flavian Age of Imperial Rome* provides a systematic and comprehensive examination of the political economic social and cultural nuances of the Flavian Age 69 96 CE Includes contributions from over two dozen Classical Studies scholars organized into six thematic sections Illustrates how economic social and cultural forces interacted to create a variety of social worlds within a composite Roman empire Concludes with a series of appendices that provide detailed chronological and demographic information and an extensive glossary of terms Examines the Flavian Age more broadly and inclusively than ever before incorporating coverage of often neglected groups such as women and non Romans within the Empire **The Shadow of Vesuvius** Daisy Dunn,2019-12-10 A wonderfully rich witty insightful and wide ranging portrait of the two Plinys and their world Sarah Bakewell author of *How to Live* When Pliny the Elder perished at Stabiae during the eruption of Vesuvius in 79 AD he left behind an enormous compendium of knowledge his thirty seven volume *Natural History* and a teenaged nephew who revered him as a father Grieving his loss Pliny the Younger inherited the Elder s notebooks filled with pearls of wisdom and his legacy At its heart *The Shadow of Vesuvius* is a literary biography of the younger man who would grow up to become a lawyer senator poet collector of villas and chronicler of the Roman Empire from the dire days of terror under Emperor Domitian to the gentler times of Emperor Trajan A biography that will appeal to lovers of Mary Beard books it is also a moving narrative about the profound influence of a father figure on his adopted son Interweaving the younger Pliny s *Letters* with extracts from the Elder s *Natural History* Daisy Dunn paints a vivid compellingly readable portrait of two of antiquity s greatest minds **Perfume** Lizzie Ostrom,2016-12-06 Join Lizzie Ostrom on an olfactory adventure as she explores the trends and crazes that have shaped the way we ve spritzed One hundred perfumes and scents in all their fragrant glory reveal a fascinating

social history of the past century From the belle epoque through the swinging sixties to the naughty nineties and beyond Ostrom brings intelligence and wit to this most ravishing of subjects There was the patriotic impact of English Lavender during World War I and perfumes that captured the Egyptomania of the 1920s Estee Lauder created Youth Dew and with it distilled the essence of 1950 s suburbia Patchouli oil the anti perfume of the 1960s was sure to keep money out of the hands of corporations and the man And who could forget the fervor created by the grunge androgyny of CK One Scent is truly the passport to memory making Perfume both a lush treat and an insightful examination of the twentieth century through the most mysterious of the five sense Freedom of Speech Uladzislau Belavusau,2013-10-08 This book considers the issue of

free speech in transitional democracies focusing on the socio legal developments in the Czech Republic Hungary and Poland In showing how these Central and Eastern European countries have engaged with free speech models imported from the Council of Europe EU and the USA the book offers valuable insights into the ways States have responded to challenges associated with transformation from communism to Western democracy The book first explores freedom of expression in European and American law looking particularly at hate speech historical revisionism and pornography It subsequently enquires into the role and perspectives of those European mandatory and US American persuasive models for the constitutional debate in Central and Eastern Europe The study offers an original interpretation of the European model of freedom of expression beyond the mechanisms of the Council of Europe It encompasses the relevant aspects of EU law judgments of the Court of Justice and the harmonised EU instruments as mandatory standards for courts and legislators including those in transitional countries of Central and Eastern Europe The book argues for de criminalisation of historical revisionism and pornography and illuminates topics such as genocide denial the rise of Prague and Budapest as Europe s porno capitals anti Semitism and anti Gypsyism religious obscurantism and homophobia virulent Islamophobia and the glorification of terrorism The research methodology in this study combines a descriptive case law assessment comparative constitutional public international and EU law with a normative critique stemming from post structuralist scrutiny rhetoric postmodern legal movements legal history history of ideas and art criticism This book will be of interest to students and scholars of comparative constitutional law law and society human rights and European law as well as political philosophers

The Caesar of Paris Susan Jaques,2018-12-04 Napoleon is one of history s most fascinating figures But his complex relationship with Rome both with antiquity and his contemporary conflicts with the Pope and Holy See have undergone little examination In The Caesar of Paris Susan Jaques reveals how Napoleon s dueling fascination and rivalry informed his effort to turn Paris into the new Rome Europe s cultural capital through architectural and artistic commissions around the city His initiatives and his aggressive pursuit of antiquities and classical treasures from Italy gave Paris much of the classical beauty we know and adore today Napoleon had a tradition of appropriating from past military greats to legitimize his regime Alexander the Great during his invasion of Egypt Charlemagne during his coronation as emperor even Frederick the Great

when he occupied Berlin But it was ancient Rome and the Caesars that held the most artistic and political influence and would remain his lodestars Whether it was the Arc de Triomphe the Venus de Medici in the Louvre or the gorgeous works of Antonio Canova Susan Jaques brings Napoleon to life as never before *The Pharaoh's Treasure* John Gaudet,2018-10-02 For our entire history humans have always searched for new ways to share information This innate compulsion led to the origin of writing on the rock walls of caves and coffin lids or carving on tablets But it was with the advent of papyrus paper when the ability to record and transmit information exploded allowing for an exchanging of ideas from the banks of the Nile throughout the Mediterranean and the civilized world for the first time in human history In *The Pharaoh's Treasure* John Gaudet looks at this pivotal transition to papyrus paper which would become the most commonly used information medium in the world for more than 4 000 years Far from fragile papyrus paper is an especially durable writing surface papyrus books and documents in ancient and medieval times had a usable life of hundreds of years and this durability has allowed items like the famous Nag Hammadi codices from the third and fourth century to survive *Confronting the Classics: Traditions, Adventures, and Innovations* Mary Beard,2013-09-09 An internationally recognized historian presents a revealing tour of the ancient world shedding new light on Greek and Roman history *Confronting the Classics* Mary Beard,2013-03-07 Mary Beard is one of the world's best known classicists a brilliant academic with a rare gift for communicating with a wide audience both through her TV presenting and her books In a series of sparkling essays she explores our rich classical heritage from Greek drama to Roman jokes introducing some larger than life characters of classical history such as Alexander the Great Nero and Boudicca She invites you into the places where Greeks and Romans lived and died from the palace at Knossos to Cleopatra's Alexandria and reveals the often hidden world of slaves She takes a fresh look at both scholarly controversies and popular interpretations of the ancient world from *The Golden Bough* to *Asterix* The fruit of over thirty years in the world of classical scholarship *Confronting the Classics* captures the world of antiquity and its modern significance with wit verve and scholarly expertise *Greek Epigram in Reception* Gideon Nisbet,2013-10 Tracing the evolution and reception history of a collection of ancient Greek epigrams from the early nineteenth to twentieth century the volume analyses the rhetoric which writers and translators brought to the text highlighting the after effects of this cultural war on the interpretations of Ancient Greece in British print culture **Jesus and His World** Craig A. Evans,2013-01-01 A world renowned scholar explores the latest archaeological evidence about the historical Jesus and His world Book Cover *Disability Studies and the Classical Body* Ellen Adams,2021-05-13 By triangulating the Greco Roman world classical reception and disability studies this book presents a range of approaches that reassess and reimagine traditional themes from the narrative voice to sensory studies It argues that disability and disabled people are the forgotten other of not just Classics but also the Humanities more widely Beyond the moral merits of rectifying this neglect this book also provides a series of approaches and case studies that demonstrate the intellectual value of engaging with disability studies as classicists

and exploring the classical legacy in the medical humanities The book is presented in four parts Communicating and controlling impairment illness and pain Using creating and showcasing disability supports and services Real bodies and retrieving senses disability in the ritual record and Classical reception as the gateway between Classics and disability studies Chapters by scholars from different academic backgrounds are carefully paired in these sections in order to draw out further contrasts and nuances and produce a sum that is more than the parts The volume also explores how the ancient world and its reception have influenced medical and disability literature and how engagements with disabled people might lead to reinterpretations of familiar case studies such as the Parthenon This book is primarily intended for classicists interested in disabled people in the Greco Roman past and in how modern disability studies may offer insights into and reinterpretations of historic case studies It will also be of interest to those working in medical humanities sensory studies and museum studies and those exploring the wider tension between representation and reality in ancient contexts As such it will appeal to people in the wider Humanities who notwithstanding any interest in how disabled people are represented in literature art and cinema have had less engagement with disability studies and the lived experience of people with impairments FREE CHAPTER AVAILABLE Please go to <https://bit.ly/3pzpO7n> to access the Introduction which we have made freely available

Holy Sh*t Melissa Mohr, 2013-04-01 Almost everyone swears or worries about not swearing from the two year old who has just discovered the power of potty mouth to the grandma who wonders why every other word she hears is obscene Whether they express anger or exhilaration are meant to insult or to commend swear words perform a crucial role in language But swearing is also a uniquely well suited lens through which to look at history offering a fascinating record of what people care about on the deepest levels of a culture what's divine what's terrifying and what's taboo Holy Sh*t tells the story of two kinds of swearing obscenities and oaths from ancient Rome and the Bible to today With humor and insight Melissa Mohr takes readers on a journey to discover how swearing has come to include both testifying with your hand on the Bible and calling someone a when they cut you off on the highway She explores obscenities in ancient Rome which were remarkably similar to our own and unearths the history of religious oaths in the Middle Ages when swearing or not swearing an oath was often a matter of life and death Holy Sh*t also explains the advancement of civility and corresponding censorship of language in the 18th century considers the rise of racial slurs after World War II examines the physiological effects of swearing increased heart rate and greater pain tolerance and answers a question that preoccupies the FCC the US Senate and anyone who has recently overheard little kids at a playground are we swearing more now than people did in the past A gem of lexicography and cultural history Holy Sh*t is a serious exploration of obscenity and it also just might expand your repertoire of words to choose from the next time you shut your finger in the car door *The Naturalness of Belief* Charles Taliaferro, Paul Copan, 2018-11-13 Despite its name naturalism as a world view turns out to be rather unnatural in its strict and more consistent form of materialism and determinism This is why a number of naturalists opt for a broadened version

that includes objective moral values intrinsic human dignity consciousness beauty personal agency and the like But in doing so broad naturalism begins to look more like theism As many strict naturalists recognize broad naturalism must borrow from the metaphysical resources of a theistic world view in which such features are very natural common sensical and quite at home in a theistic framework The Naturalness of Belief begins with a naturalistic philosopher's own perspective of naturalism and naturalness The remaining chapters take a multifaceted approach in showing theism's naturalness and greater explanatory power They examine not only rational reasons for theism's ability to account for consciousness intentionality beauty human dignity free will rationality and knowledge they also look at common sensical existential psychological and cultural reasons in addition to the insights of the cognitive science of religion

Classics For All Dunstan Lowe, Kim Shahabudin, 2009-01-14 Classical culture belongs to us all whether as academic subject or as entertainment it constantly stimulates new ideas In recent years following *Gladiator*'s successful revival of the toga epic studies of the ancient world in cinema have drawn increasing attention from authors and readers This collection builds on current interest in this topic taking its readers past the usual boundaries of classical reception studies into less familiar and even uncharted areas of ancient Greece and Rome in mass popular culture Contributors discuss the uses of antiquity in television programmes computer games journalism Hollywood blockbusters B movies pornography Web 2.0 radio drama and children's literature Its diverse contents celebrate the continuing influence of Classics on modern life from controversies within academia to ephemeral pop culture from the traditional to the cutting edge The reader will find both new voices and those of more established commentators including broadcaster and historian Bettany Hughes Latinist Paula James and Gideon Nisbet author of *Ancient Greece in Film and Popular Culture* Together they demonstrate that rich rewards await anyone with an interest in our classical heritage when they embrace the diversity and complexity of mass popular culture as a whole
