100 Recipes America's Test Kitchen, 2015-10-13 A provocative handpicked collection of relevant and surprising essential recipes for today's cook. We have countless recipes at our disposal today, but what are the real keepers, the ones that don't just feed us when we're hungry or impress our friends on Saturday night but inspire us to get into the kitchen? At the forefront of American cooking for more than 20 years, the editors at America's Test Kitchen have answered this question in an essential collection of recipes that you won't find anywhere else: *100 Recipes Everyone Should Know How to Make*. Organized into three recipe sections: Absolute Essentials, Surprising Essentials, and Global Essentials, each recipe is preceded by a thought-provoking essay that positions the dish. For example, "Treating Pasta Like Rice Simplifies Everything," "A Covered Pot Is a Surprisingly Good Place to Roast a Chicken," and "Reimagine Pie in a Skillet to Simplify the Process." You'll find useful workday recipes like a killer tomato sauce that's almost as easy as opening a jar of the store-bought stuff, genius techniques for producing amazing flavor (try poaching chicken breasts over a garlic and soy-spiked brine), trust us, it's that good, and familiar favorites reinvigorated (the best beef stew comes from Spain and it's even easier to make than the stateside stew you've been eating for years). Gorgeous photography shot right in the test kitchen accompanies every recipe, revealing the finished dish as well as highlights of its preparation. Likely to stir debate among anyone interested in food and cooking, *100 Recipes Everyone Should Know How to Make* provides a snapshot of how we cook today and will galvanize even the most jaded cook to get into the kitchen.

The Duke's Mayonnaise Cookbook Ashley Strickland Freeman, 2020-06-30 Celebrate the South's favorite mayonnaise and learn how to cook with it in new delicious ways with this cookbook from food writer and Duke's lover Ashley Freeman. Mayonnaise is one of those polarizing culinary debates, akin to putting pineapple on pizza. Those who do love mayonnaise know that no mayonnaise is more beloved than Duke's, a Southern staple with a cult following that is expanding its reach north. The Duke's Mayonnaise Cookbook will show you how to make the most delicious chicken salad or deviled eggs and introduce new approaches to everyday recipes. Think of what mayonnaise actually is: a beautiful emulsification of eggs, oil, and a touch of lemon for acidity, which are all elements vital to cooking and baking. Adding mayonnaise can help you make the flakiest pie crust, the fluffiest scrambled eggs, and the most delicious chocolate cake. The Duke's Mayonnaise Cookbook is a compilation of recipes inspired by author Ashley Freeman's travels across the country. From classic favorites like Tomato Pie to unexpected dishes like Miso Glazed Salmon or Sticky Toffee Puddings, you'll discover how versatile the South's favorite mayonnaise really is. And with stories and testimonials from beloved well-known chefs and food writers, The Duke's Mayonnaise Cookbook is a must-have book for loyal fans and newcomers alike.

Homemade sushi guide for beginners ,2023-11-23 Introduction Sushi is by far the most well known Japanese cuisine and has become extremely popular at a global scale What used to be available only in Japanese restaurants is now readily available in a variety of food establishments grocery stores school cafeterias even gas stations Depending on where you live the sushi you re familiar with could be quite different than the authentic and traditional style originated in Japan But that s the beauty of it The concept of sushi has grown so multiculturally that there s new and interesting fusion creations all the time Although I respect and love the tradition of Japanese sushi it really excites me to see people having fun and exploring new boundaries when making sushi Traditionally in Japan to become a professional sushi chef would require years and years of dedication

The first years were spent meticulously learning and repetitive training on cooking rice and preparing vegetables Not to mention the cleaning and maintenance of all supplies equipment and the restaurant itself Often you wouldn't even be able to touch the fish until a few years in Though this tradition has faded away a bit in modern years the culture still does exist and lives on And thankfully so because there's nothing quite like a perfectly crafted piece of nigiri by a traditionally taught master sushi chef But don't worry I'm not asking you to dedicate years of your life to learning and crafting your sushi skills Sushi is often seen as a very intimidating cuisine that scares even the best chefs And yes it is a very complex skill filled with traditional techniques that take years upon years to master But don't let that discourage you from even trying I will guide you step by step through the fundamentals of sushi and teach you how to take that skill and make it your own My twenty plus years of training as a sushi chef originally started from my dad who's owned and operated a Japanese restaurant for more than thirty five years He taught me all the fundamentals and guided me throughout the first part of my sushi career I then started my own sushi catering company which I operated for more than ten years During this time I have had the pleasure of working with so many amazing clients I've also had countless opportunities to teach how to make sushi and I noticed there was a gap between people who wanted to make sushi but didn't know how to even start scared to even That is the reason why I decided to write this book to share my knowledge and teach the proper fundamentals to those who are curious about making sushi Because as intimidating as it may be making sushi is actually quite easy to do at home To those who didn't know where to start well you chose the right book and I'm excited for you This is the start line I have compiled years of my experience and simplified it into this one single book so that it can be a gateway to your sushi journey Whether your goal is to make your favorite sushi at home impress your family and friends with your own sushi creations or practice to become a professional sushi chef this book will help you accomplish those goals You'll find many of my personal recipes in this book however this is not just a recipe book More so it is a skills development book that skill being the art of sushi Sushi is a unique and amazing cuisine where once you have the basics down you can let your imagination take over Take a sushi roll for example I can share hundreds of recipes on all different types of rolls and make this book four hundred plus pages but the fundamental techniques for each are very similar Sure there's slight differences which I do teach but most of it just takes repetition and practice My goal is to teach you the fundamentals of making sushi which will allow you to confidently take that skill and dive into the art of sushi on your own The beauty of sushi especially making it at home is in the endless possibilities and the fact that you can do whatever you want If you give a man a fish you feed him for a day If you teach a man to fish you feed him for a lifetime Yes pun intended
