Rumour And Reprisal:

Fake News Is Bad News Ján Višňovský, Jana Radošinská, 2021-09-08 We live in the era of the digital revolution characterized by easy access to obtaining processing and disseminating information on a global scale The emergence of these global digital spaces has transformed the world of communication This shift in our understanding of what we should be informed about when and how manifests itself not only within mature liberal democracies which grant their citizens and the media constitutionally guaranteed freedom of speech and rights associated with obtaining information but also within developing countries with different types of political establishments Moreover many media producers especially journalists and persons claiming to be journalists abuse their crucial mission and instead foster a set of serious communication phenomena that threaten basic human rights and freedoms weaken them or decelerate their development The publication is focused on the ways fake news disinformation misinformation and hateful statements are spread across society predominantly within the online environment Its main ambition is to offer an interdisciplinary body of scholarly knowledge on fake news disinformation and propaganda in relation to today's journalism social development political situation and cultural affairs happening all around the world *Discourse and Defiance under Nazi Occupation* Cheryl R.

Jorgensen-Earp, 2013-11-01 Captured by German forces shortly after Dunkirk and not relinquished until May of 1945 nearly a year after the Normandy invasion the British Channel Islands Guernsey Jersey Alderney Sark and Herm were characterized during their occupation by severe deprivation and powerlessness The Islanders with few resources to stage an armed resistance constructed a rhetorical resistance based upon the manipulation of discourse construction of new symbols and defiance of German restrictions on information Though much of modern history has focused on the possibility that Islanders may have collaborated with the Germans this eye opening history turns to secret war diaries kept in Guernsey A close reading of these private accounts written at great risk to the diarists allows those who actually experienced the Occupation to reclaim their voice and reveals new understandings of Island resistance What emerges is a stirring account of the unquenchable spirit and deft improvisation of otherwise ordinary people in extraordinary circumstances Under the most dangerous of conditions Guernsey civilians used imaginative methods in reacting to their position as a subjugated population devising a covert resistance of nuance and sustainability Violence this book and the people of Guernsey demonstrate is not at all the only means with which to confront evil **Peace-Making and the Imagination** Andrew Strathern, Pamela J.

Stewart, 2012-07-01 A compelling new book that presents a thoughtful and creative approach to transforming violent discordances this work examines the intractable issues of revenge and restitution in a conflict context It argues that in communities where violence must be paid for through compensation violent conflict can be contained With primary reference to the Highlands of Papua New Guinea and comparisons to cases from Africa Pakistan and other arenas of tribal social formations the account explores how rituals such as wealth disbursement oath taking sacrifice and formal apologies are often

used as a means of averting or transcending acts of vengeance after violence Through exploration of the balance between revenge and compensation at different junctures in the peace making process this compelling text devises a thought provoking and inventive analysis that would benefit countless communities in conflict around the world **Behind Barbed Wire** Tan Teng Phee,2022-12-06 Behind Barbed Wire looks behind the facade to ask what it was really like to be moved to and live in a New Village Tan who himself lived in New Villages growing up combines archival sources and oral history to give us a rounded account We need Tan's book because up to now the outsider's view has predominated and outsiders have their own agenda Karl Hack in the Journal of the Malaysian Branch of the Royal Asiatic Society This unique book revisits the moment in the Malayan Emergency when some 500 000 women children and men were uprooted from their homes and moved into new settlements guarded day and night by police and troops A majority were rural Chinese market gardeners shopkeepers rice farmers tin miners and rubber tappers who had long made Malaya their home and had lived through the hardships of the Japanese Occupation Based upon newly accessible archival materials and painstaking multilingual interviews with more than 80 informants in four New Villages Tan Teng Phee rewrites the history of the Emergency exposing the voices of those at the heart of this lauded social experiment In Francis Loh's words these were ordinary villagers caught in the crossfire between the British security forces and the Malayan Communist Party whose lives were turned inside out and re-ordered completely with daily curfews body searches and food controls alongside the carrots and sticks of registration re-education sanitation psychological warfare and swift punishment Highlighting the disciplinary aims of British policy as well as the ways in which villagers resisted this discipline through weapons of the weak this book forms a unique history from below of the Malayan Emergency and of a resettlement programme which shaped the social and geographical landscape of Malaysia for generations to come *Rumour and Reprisal* Joanna Ramsay,2015-08-17 A Pride and Prejudice Variation An innocent mistake at Pemberley threatens to undo the happiness that unites Elizabeth Bennet and Fitzwilliam Darcy When news of the couple's happy engagement reaches London a vicious rumour is spread that soon compromises Elizabeth's honour In an attempt to salvage her reputation Darcy and Elizabeth must face their critics but with his relations determined to separate them their chances of success are thwarted A cruel scheme exposes Elizabeth to further disgrace and forces her to make a heartbreaking decision **Cricket, My Style** Kapil Dev,1987 Experiences of an Indian cricket captain

Rumors, Race and Riots Terry Ann Knopf,2017-07-12 Are race related rumors rooted in the personality traits of the individual Are they a kind of improvised news for a community Do they come and go at random or form definite recognizable patterns What role do the news media play in spreading rumors These and other questions are treated in this classic study now available in paperback with a new introduction by the author of how and why rumors emerge in connection with racial disorders Included is an examination and critique of the three major models of rumor formation the psychological approach emphasizing the emotional needs and drives of the individual the functional approach which views rumors as a form of

improvised news and the conspiratorial approach which sees rumors as deliberately planted and not spontaneous The author's process model of rumor formation is based on the premise that rumors cannot cause violence and that violence cannot cause rumors Both are viewed as parts of the same process Rumors are seen as just one of a series of determinants each of which increases the likelihood of a collective outburst Among the determinants examined are conditions of stress a rigid social structure supported by a racist ideology and a hostile belief system or negative set of generalized perceptions held separately by different groups Race related rumors are functionally tied to the latter point and crystallize confirm and intensify these beliefs by linking them to actual events Hundreds of pertinent rumors are documented from local newspapers and investigative accounts An exhaustive systematic inquiry is made into the series of disorders that occurred between 1967 and 1970 The role played by rumors during these disturbing times is examined and compared to earlier periods of unrest Implications for public policy are explored along with a hard look at rumor control centers The influence of the police and other public officials as well as the news media are

Behind the Fence Les Chater, 2001 Les Chater was captured early in 1942 when the Japanese invaded Singapore and Java His wife and small son escaped on an American troop ship and did not hear any news of Les for the next 18 months He spent the rest of the war in POW camps in Semplak Java and in Mitsushima and Kanose in Japan His secret daily record in four palm sized booklets was an ongoing challenge and a small defiance Every death and its cause is noted in these diaries Every meal the activities in the camp the personalities of guard and officials are described The Japanese civilians often little better off than the prisoners near the end are portrayed as friendly cheerful and respectful people Although this meticulous detail had no purpose other than as a chronicle the diaries became after the war an accurate and useful account of the treatment of POWs Chater also recorded names and vital information of his fellow POWs reproduced here in lists of American British and Chinese prisoners held in the camps with him in Semplak Java and Mitsushima and Kanose Camps in Japan These diaries were submitted as evidence in the Tokyo War Crimes Trials in 1947 Page 4 of cover

Belligerent Reprisals Frits

Kalshoven,2005-06-01 *Belligerent Reprisals* examines the historical developments in the law and practice relating to recourse to belligerent reprisals as a primitive means of law enforcement in the hands of a party to an armed conflict victim of a violation of the law of war at the hands of its enemy As a legal concept the notion means that the victim in turn violates a rule of the same body of the law of war with the purpose of thus inducing the enemy to terminate its unlawful conduct However the enemy may in its turn denounce the so called reprisal as an unlawful act of war and retaliate against it thus setting in motion the ill famed spiral of negative reciprocity While early lawmakers refrained from taking up the issue prohibitions of reprisals could be achieved in conventions adopted in 1929 and 1949 on the protection of the power of the enemy In contrast reprisals or retaliatory conduct announced under that title without meeting the requisite conditions were common practice in the conduct of hostilities with civilians in non occupied territory as the main victims With major governments disinclined to give up this tool the ban on reprisals against civilian populations ultimately accepted in the Protocols of 1977 Additional to the Geneva Conventions of 1949 could only be hard fought and it remains contested to this day First published in 1971 *Belligerent Reprisals* has become a classic work on this complex topic The analysis of lawmaking and state practice it contains is as valid today as it was in the late 1970 s and elucidates the dilemmas inherent in the notion of belligerent reprisal as a means of law enforcement that can go terribly wrong “A” *Critical Pronouncing Dictionary and Expositor of the English Language* John Walker,1826 *The New and Complete Dictionary of the English Language* John Ash,1775 **Great Britain and the East** ,1916 The Near East ,1916 **Before Blackwood's** Alex Benchimol,2015-10-06 This collection of essays is the result of a major conference focusing specifically on the role of Scotland s print culture in shaping the literature and politics of the long eighteenth century In contrast to previous studies this work treats Blackwood s Magazine as the culmination of a long tradition rather than a starting point **Dictionary of English Synonyms** Thomas Fenby,1910
