Patrick Lee, 2019-05-28 From the author of *Runner Sam Dryden* comes under attack from unknown forces as an unremembered episode from his past threatens more than just his life On an otherwise normal morning former Special Forces operative Sam Dryden is the target of an unsuccessful attempted abduction Using his attacker s cellphone he learns that another person a woman named Danica Ellis is also being targeted Dryden arrives just in time to save Danica from the assault team sent after her But neither of them recognize the other or have any idea why they are being targeted The only clue is a heavily redacted official looking document given to Danica by her stepfather before he was killed Dryden immediately recognizes it as a scrub file A scrub file is a record of what a subject knew before their memories were chemically destroyed The redacted document refers to witnesses to a secret military site in Ashland Iowa in 1989 Both Dryden and Danica Ellis lived in Ashland in 1989 when they were both twelve years old though neither of them has any memory of the other Switching back and forth between the present day when Dryden and Danica try to elude the forces that are after them and the past in Ashland Iowa when both were twelve making a discovery that forever changed their lives this latest Sam Dryden novel proves yet again that Patrick Lee is one of the most original compelling thriller writers today
