Parental Control

Parental Control

Introduction

Even though most people get involved in either early or unplanned marriages, a section of these individuals does not aware of the effects of being a parent. As most of the people perceive it, the act of parental control is a significant step in a child's upbringing. For example, when a parent is responsible for a given child, chances are high that the given child would most definitely excel in their respective academics. On the other hand, a section of the society still sees the negative effects that come aboard with parental control. For example, in the act of controlling a child, some parents over emphasize it indifferent ways including the act of letting their child get much attached to the modern technology. In doing this, they tend to forget the negative influences of allowing the child to get prone with the

New Directions and Trends in Parenting Research Nicolette Vanessa Roman, Yosi Yaffe, Dorit Alt, 2024-08-28 For many decades parenting has been at the center of interest for practitioners and researchers interested in child social and psychological development The body of research on children s socialization has primarily focused on traditional parenting styles and their related practices in the spirit of Baumrind s and others conceptualization of parental control and power assertion e g authoritative authoritarian and permissive This research has revealed many domains of children s and adolescents adjustment and wellbeing that are affected by and affecting parenting quality but intriguing new parental approaches and types have recently emerged in research literature such as digital parenting transcendent parenting parental alienation overparenting helicopter parenting tiger parenting and several others about which more is yet to be learned Likewise in recent years our understanding of the role played by factors such as culture ethnicity environmental and familial background in the relationship between parenting styles and children s psychological wellbeing and mental health has greatly improved However the question of whether or not there is a global uniform optimal parenting remains controversial as more studies are required to better understand the varying impacts of parenting on the child s well being within different demographic and familial contexts This is especially true for families with special needs children i e children and adolescents with developmental and psychological disabilities where research on parenting styles in particular is understudied Additionally in the present digital era there is growing

interested in relatively new behavioral outcomes in children and adolescents such as sedentary behaviors including eating and nutrition habits online behaviors and digital activity vs physical activity These and other important contemporary aspects in children s functioning and behaviors contribute to developmental mental health and further establishing our knowledge regarding the parental role in these contexts is essential

The Wiley Handbook of Early Childhood Development Programs, Practices, and Policies Elizabeth Votruba-Drzal, Eric Dearing, 2017-01-30 The first and only comprehensive review of current early childhood development theory practices policies and the science behind them This unique and important book provides a comprehensive overview of the current theory practices and policies in early childhood development within the contexts of family school and community and society at large Moreover it synthesizes scientifically rigorous research from an array of disciplines in an effort to identify the most effective strategies for promoting early childhood development Research into childhood development is booming and the scientific knowledge base concerning early childhood development is now greater than that of any other stage of the human life span At the same time efforts to apply that knowledge to early childhood practices programs and policies have never been greater or more urgent Yet surprisingly until *The Handbook of Early Childhood Development Programs Practices and Policies* there was no comprehensive critical review of the applied science in the field The book begins with in depth coverage of child and family approaches From there it moves onto a consideration of school

and community based strategies It concludes with a discussion of current social policies on health and development in early childhood and their implications Provides a comprehensive overview of the state of the knowledge base along with guidance for the future of the field Examines the underlying theory and basic science guiding efforts to promote early childhood development Critically reviews the strength of the empirical support for individual practices programs and policies Explores key opportunities and barriers policymakers and practitioners face when implementing various approaches Pays particular attention to socioeconomically disadvantaged and other disenfranchised populations The Handbook of Early Childhood Development Programs Practices and Policies is a valuable resource for practitioners scholars graduate students and advanced undergraduate students across the social sciences who are interested in strengthening their understanding of current strategies for promoting early childhood development and the science informing those strategies

Parenting George W. Holden, 2019-12-19 George Holden embraces the idea that parenting is a dynamic process children affect parents just as much as parents affect children A multi level ecological approach to parenting and childrearing allows a full range of parenting styles covering topics from co parenting evolutionary views human behavioral genetics to religious influences and addressing challenges to be encountered across parenting courses such as family violence behavior problems and the role of pathology in the family Completely updated in a new third edition *Parenting A Dynamic Process* presents research in a way that is accessible and interesting but also accurate current and intellectually rich Although written from a psychological perspective views and applications from other disciplines including sociology criminology anthropology and pediatrics are also discussed where appropriate The text discusses contemporary issues such as fertility problems daycare marital conflict whether or not to use physical punishment divorce remarriage and step parents gay parents the effects of poverty risks and benefits of media use among children and family violence Additionally Holden includes selected studies from developing and non western countries as well as recent statistics on such topics as US world birthrate birth problems adolescent pregnancy child injury divorce and remarriage child maltreatment and certain social policy issues

Routledge Revivals: Varieties of Residential Experience (1975) Jack Tizard, Ian Sinclair, R. V. G. Clarke, 2017-07-05 First published in 1975 this book compiles a number of studies concerning institutional care and children which address the question of why institutions that serve apparently similar functions differ so much The book uses comparative methods such as measurement of different dimensions of institutional care and analysis of interrelationships among specific structural and functional features which characterise particular institutions As a result the book draws broad conclusions about the importance of factors that have dynamic influence on the manner in which institutions function and the reasons why they differ The editors reject the steampress model which postulates that institutions are more or less alike They discuss ideological and organisational variation differences in staffing and the manner in which children respond to them and consider these issues as factors that influence the way in which an institution functions as a whole Subsequent chapters describe comparative studies carried out

in institutions for the mentally handicapped approved schools residential nurseries probation hostels other correctional institutions and units for autistic children The book enables the reader to appreciate achievements and shortcomings of contemporary research and thinking in this field **Parents Speak Out for America's Children**, 1992 Journal of the House of Representatives of the United States United States.
