International Law in the Russian Legal System William Elliott Butler, 2020 This addition to the Elements of International Law series explores the role of international law as an integral part of the Russian legal system with particular reference to the role of international treaties and of generally recognized principles and norms of international law Following a discussion of the historical place of treaties in Russian legal history and the sources of the Russian law of treaties the book strikes new ground in exploring contemporary treaty making in the Russian Federation by drawing upon sources not believed to have been previously used in Russian or western doctrinal writings Special attention is devoted to investment protection treaties The importance of publishing treaties as a condition of their application by Russian courts is explored For the first time a detailed account is given of the constitutional history of treaty ratification in Russia the outcome being that present constitutional practice is inconsistent with the drafting history of the relevant constitutional provisions The volume gives attention to the role of the Russian Supreme Court in developing treaty practice through the issuance of guiding documents binding on lower courts the reaction of the Russian Constitutional Court to judgments of the European Court of Human Rights and the place of treaties as an integral part of the Russian legal system Butler further explores the hierarchy of sources of law together with other facets of Russian arbitral and judicial practice with respect to treaties and other sources of international law He concludes with a consideration of the generally recognized principles and norms of international law and their role as part of the Russian system

regarding language proficiency levels at the post secondary level and to address structural gaps in the curricula of many L2 programs This federally funded program provides opportunities for US undergraduate students in any specialization to reach a professional level of competence in a targeted second language by graduation This volume highlights innovative practices that enable students to achieve this goal even those with no exposure to the second language prior to university This book explores the rationale and history of the federal program and showcases models and strategies of existing Flagship programs

Borzoi - The Russian Wolfhound. Its History, Breeding, Exhibiting and Care (Vintage Dog Books Breed Classic) Nellie Martin,2013-03-06 Originally published in 1931 this extremely scarce early work on the Russian Wolfhound or Borzoi is both expensive and hard to find in its first edition VINTAGE DOG BOOKS have republished it using the original text and photographs as part of their CLASSIC BREED BOOKS series Only a handful of books have ever been written on this truly magnificent aristocrat of the canine race This particular title is an important complete and practical work and the author has endeavoured to show the breed as it truly is Its origins and history have been well researched with information on other topics being gathered from breeders worldwide including the authors own wealth of practical experience with the Borzoi The book s one hundred and eighteen pages contain numerous comprehensive chapters each being illustrated with rare vintage photographs and line drawings Origins and History Famous Dogs of United States Canada and England Official Standard Head Body Legs Feet and Tail Coat Colour and General Appearance Traits and Disposition Training Feeding and Kenneling Preparing for the Show Ring Breeding Principles Handling of the Stud Questionnaires List of Russian Wolfhound Champions Etc This is a fascinating read for any Russian Wolfhound Borzoi enthusiast or historian of the breed but also contains much information that is still useful and practical today Many of the earliest dog breed books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive VINTAGE DOG BOOKS are republishing these classic works in affordable high quality modern editions using the original text and artwork **Russian Federation** International Monetary Fund,2011-09-27 Even though the Russian authorities have maintained financial stability at the time of a major global shock the financial system is still weak The crisis has set back progress toward a strong competitive banking system for the future The recent unification of the supervision of nonbank financial institutions is an opportunity for strengthened oversight A more structured corrective action regime and a unified administration regime for all banks with broad powers for the administrator would help strengthen the system further **Designing Russian Cinema** Eleanor Rees,2022-12-15 This book highlights the significant role that production artists played when Russian cinema was still in its infancy It uncovers Russian cinema s connections with other art forms examining how production artists drew on both aesthetic traditions and modernist experiments in architecture painting and theatre as they explored the new medium of cinema and its potential to engender new models of perception and forms of audience engagement Drawing on set design sketches archival documents and film makers memoirs Eleanor Rees reveals how less canonical films such as

Behind the Screen Kulisy ekrana 1919 and Palace and Fortress Dvoretz i krepost 1923 were remarkable from a design perspective and also provides new readings of well known films such as Children of the Age Deti veka 1915 and Strike Stachka 1925 Rees brings to light information on significant but understudied figures such as Vladimir Egorov and Sergei Kozlovskii and highlights the involvement of well known figures such as Lev Kuleshov and Aleksandr Rodchenko Unlike the majority of late Imperial directors and camera operators many early Russian production artists continued to work in cinema in the Soviet era and to draw on practices forged before the 1917 Revolution In spanning the entire silent era this book highlights the often overlooked continuities between the late Imperial and early Soviet periods of cinema thus questioning traditional historical periodisations The Russian Management Revolution Sheila M.
