The Sexual Organization of the City Edward O. Laumann, Stephen Ellingson, Jenna Mahay, Anthony Paik, Yoosik Youm, 2005-08-01 We think of the city as a place where anything goes Take the sensational fantasies and lurid antics of single women on *Sex in the City* or young men on *Queer as Folk* and you might imagine the city as some kind of sexual playground a place where you can have any kind of sex you want with whomever you like anytime or anywhere you choose But in *The Sexual Organization of the City* Edward Laumann and company argue that this idea is a myth Drawing on extensive surveys and interviews with Chicago adults they show that the city is to the contrary a place where sexual choices and options are constrained From Wicker Park and Boys Town to the South Side and Pilsen they observe that sexual behavior and partnering are significantly limited by such factors as which neighborhood you live in your ethnicity what your sexual preference might be or the circle of friends to which you belong In other words the social and institutional networks that city dwellers occupy potentially limit their sexual options by making different types of sexual activities relationships or meeting places less accessible To explain this idea of sex in the city the editors of this work develop a theory of sexual marketplaces the places where people look for sexual partners They then use this theory to consider a variety of questions about sexuality Why do sexual partnerships rarely cross racial and ethnic lines even in neighborhoods where relatively few same ethnicity partners are available Why do gay men and lesbians have few public meeting spots in some neighborhoods but a wide variety in others Why are African Americans less likely to marry than whites Does having a lot of friends make you less likely to get a sexually transmitted disease And why do public health campaigns promoting safe sex seem to change the behaviors of some but not others Considering vital questions such as these and shedding new light on the city of Chicago this work will profoundly recast our ideas about human sexual behavior **Leadership Handbook of Management and Administration** James D. key theme addressed by all the contributors to this book is the relationship between South Africa s indigenous churches AICs to modernity The key question asked by each of the contributors is to what extent if any do AICs serve as bridges to tradition or as facilitators for modernizing practices Although the researchers do not agree on the answer to this question some argue for the return to tradition others argue for the facilitation perspective they do provide provocative and timely insights for prospective researchers interested in exploring concepts and methodologies for understanding modernity and modernization Based on a number of case studies of AICs in South Africa this book will also be of great interest to scholars of comparative religion and the role churches play in negotiating the complex terrains of politics society and economy in this era of globalization

Methodist Morals Darryl W. Stephens, 2024-01-12. *Methodist Morals* offers keen insight into the public church, interpreting the United Methodist Social Principles as a dynamic discourse about morality and human rights in light of faith. Revised every four years by the General Conference of the United Methodist Church, the Social Principles exposes the moral deliberations of this distinctly American and increasingly worldwide church as it struggles to achieve community across multiple languages and cultures. Perhaps no other document provides as rich a depiction of Protestants participating in the moral argument of public life. This is the first full-length study of Methodist social teachings in over fifty years. Examining official Methodist teachings from institutional, historical, and cross-cultural perspectives, Darryl Stephens provides a rich analysis of this case study of Protestant social witness, drawing on his expertise in church polity, Methodist history, and Christian social ethics. A wide range of comparisons with documents of the United Nations, with moral debate in Germany and Zimbabwe, and with historical Methodist statements of social witness shows the Social Principles to be a unique form of social witness. The issues of war, abortion, human sexuality, and marriage illustrate the messiness of democratic deliberation in an ecclesial context and the evolution of a people ever concerned with the sin of worldliness, even as they become more attuned to transforming social structures. Stephens also contrasts this conception of the public church with the ecclesiologies of prominent Methodist ethicists Stanley Hauerwas and Paul Ramsey. Intended for students of Methodism, ecumenical church leaders, and scholars of Christian social ethics and contemporary US mainline religion, this work reveals the challenges to and possibilities for achieving moral community in an increasingly global and diverse world.

DARRYL W. STEPHENS, director of United Methodist studies at Lancaster Theological Seminary, is former assistant general secretary for advocacy and sexual ethics in the UMC's General Commission on the Status and Role of Women. He is the coeditor of *Professional Sexual Ethics: A Holistic Ministry Approach*.

Missionary Interests David Golding, Christopher Cannon Jones, 2024-04-15. In *Missionary Interests*, David Golding and Christopher Cannon Jones bring together works about Protestant and Mormon missionaries in the nineteenth and twentieth centuries, charting new directions for the historical study of these zealous evangelists for their faith. Despite their sectarian differences, both groups of missionaries shared notions of dividing the world categorically along the lines of race, status, and relative exoticism, and both employed humanitarian outreach with designs to proselytize. American missionaries occupied liminal spaces between proselytizer and

proselytized feminine and masculine colonizer and colonized Taken together the chapters in Missionary Interests dismantle easy characterizations of missions and conversion and offer an overlooked juxtaposition between Mormon and Protestant missionary efforts in the nineteenth and twentieth centuries The Living Church ,1993 **Rebuilding the Walls** James Kelly,2020-06-22 There are few situations in the life of a church that are more disruptive or destructive than the presence of sin in the life of its membership especially the leadership Too often we see the presence of sin as a fatal situation Yet sin properly dealt with rather than destroying the church or those involved may become a catalyst for growth both for the church body and those involved in whatever sin is present Christ and the apostle Paul laid out instructions for taking the presence of sin challenging those involved and restoring their walk with Christ Therefore we must if we consider ourselves as a spiritual people resolve to restore those impacted by sin and see them resume their walk with Christ Gal 6 1
