Polycom® Touch Control

Telepresence at your fingertips

The intuitive solution for accelerating unified Communications (UC) and system optimization throughout your organization. The Polycom® Touch Control provides instant solutions to highly complex touch-screen issues that would cause an average user to become frustrated. By simplifying user experience of collaboration and allowing participants to focus on their meeting, the Polycom® Touch Control solution goes beyond other touch and navigation technologies and adds controls that make user interaction more precise than the others.

Conference with confidence

The Polycom® Touch Control interface is ideal for enterprise, virtual and institutional applications environments, and any other group working together and using software applications. Featuring a high-resolution display that provides a tactile response and easy navigation, the Polycom® Touch Control solution allows users to control all aspects of their collaboration. Adjusted for meeting/working languages, allowing users to view content.

Users can easily control the meeting using a series of touch gestures, including zoom, pan, and scroll. The Polycom® Touch Control solution is ideal for use in a meeting room, as well as in a home office. The Polycom® Touch Control solution is ideal for use in a meeting room, as well as in a home office. The Polycom® Touch Control solution is ideal for use in a meeting room, as well as in a home office.

The Polycom® Touch Control interface is ideal for use in a meeting room, as well as in a home office. The Polycom® Touch Control solution is ideal for use in a meeting room, as well as in a home office. The Polycom® Touch Control solution is ideal for use in a meeting room, as well as in a home office.

Easy to use and deploy

The Polycom® Touch Control interface is ideal for use in a meeting room, as well as in a home office. The Polycom® Touch Control solution is ideal for use in a meeting room, as well as in a home office. The Polycom® Touch Control solution is ideal for use in a meeting room, as well as in a home office.

Benefits

- Reduced time and complexity in meeting room and home office environments, including highly complex meeting room.
- Improved user experience through easy touch control.
- Enhanced meeting experience through easy touch control.
