Peckish Suzanne Lenzer, 2025-04-22 A celebration of mindful snacking with more than 75 recipes well worth nibbling on whether you're eating for one or entertaining a group of friends from the author of *Graze* Suzanne does girl dinner one better with *Peckish* a charming collection of not quite meals that perfectly satisfy the way we want to eat today Giada De Laurentiis My favorite food experiences are very often over the kitchen counter or standing midway between the sink and the stove so caught up in the chat at hand that simmering pots are neglected and salad dressings are left half made What's come to me at last is that many of the most compelling discussions and deepest fits of laughter happen in between the making and the meal itself These moments are perfect because they have all the features one hopes for in the feast without the organization orchestration and yes exhaustion So why not liberate ourselves and embrace the truth So often it's the snacks the tastes in between that make our hearts race Mindful snacking and home cooking is the philosophy that food stylist and author Suzanne Lenzer nurtures in her own life and shares here with us Who doesn't love standing in front of a full fridge wondering what to pull out for a covert snack Eating is simply more fun when we have a few choices and are free to eat how we like not simply how we've been conditioned But don't fret thoughtful snacking is not complicated nor does it require long days spent
