Red Crown Dragon 53rd Welsh Division In North West Europe 1944 1945

G. R. M. F. Hartwell, G. R. Pack, M. a. Edwards

Red Crown Dragon 53rd Welsh Division In North West Europe 1944 1945:

Red Crown and Dragon Patrick Delaforce, 1996 *Red Crown Dragon The British Way of War in Northwest Europe, 1944-5* L. P. Devine, 2015-12-17 This book examines the experience of two British Infantry Divisions the 43rd Wessex and 53rd Welsh during the Overlord campaign in Northwest Europe To understand the way the British fought during Operation Overlord the book considers the political and military factors between 1918 and 1943 before addressing the major battles and many of the minor engagements and day to day experiences of the campaign Through detailed exploration of unit war diaries and first hand accounts Louis Devine demonstrates how Montgomery's way of war translated to the divisions and their sub units While previous literature has suggested that the British Army fought a cautious war in order to avoid the heavy casualties of the First World War Devine challenges this concept by showing that the Overlord Campaign fought at sub divisional levels was characterised by command pressure to achieve results quickly hasty planning and a reliance on massive artillery and mortar contributions to compensate for deficiencies in anti tank and armoured support By following two British infantry divisions over a continuous period and focusing on soldiers experience to offer a perspective from below as well as challenging the consensus of a cautious British campaign this book provides a much needed re examination of the Overlord campaign which will be of great interest to students and scholars of the Second World War and modern military history in general

Royal Artillery in the Second World War Richard Doherty, 2016-07-22 During the Second World War the Germans considered the Royal Artillery to be the most professional arm of the British Army British gunners were accurate effective and efficient and provided fire support for their armoured and infantry colleagues that was better than that in any other army However the Royal Artillery delivered much more than field and medium artillery battlefield support Gunner regiments manned antitank guns on the front line and light anti aircraft guns in divisional regiments to defend against air attack at home and abroad The Royal Artillery also helped to protect convoys that brought essential supplies to Britain and AA gunners had their finest hour when they destroyed the majority of the V 1 flying bombs launched against Britain from June 1944 Richard Doherty delves into the wide ranging role of the Royal Artillery examining its state of preparedness in 1939 the many developments that were introduced during the war including aerial observation and self propelled artillery the growth of the regiment and its effectiveness in its many roles Royal Artillery in the Second World War is a comprehensive account of a British Army regiment that played a vital role in the ensuing Allied victory

'That Astonishing Infantry' Michael Glover, Jonathon Riley, 2007-11-15 The Royal Welch Fusiliers were present at all Marlborough's great victories they were one of the six Minden regiments they fought throughout the Peninsula and were present at Wellington's final glorious victory at Waterloo In The Great War their officers included the writer poets Siegfried Sassoon and Robert Graves their 22 battalions fought not just on the Western Front but at Gallipoli in Egypt Palestine Salonika Mesopotamia and Italy In WW2 they won battle honours from the Reichswald to Kohima More recently they have served with distinction in the war against

terror in the Middle East Like so many famous regiments the RWF are no longer in the British Army's order of battle having been amalgamated into the Royal Regiment of Wales But this fine book is the lasting memorial to a fiercely proud and greatly admired regiment

Voices of Victory Geraint Jones, 2025-04-24 Enthralling and enlightening A wonderful look into the personal experiences that heart and soul of the fighting soldier towards the end of the Second World War John Nichol Sunday Times bestselling author of *The Unknown Warrior* From the bestselling author of *D Day* *The Unheard Tapes* comes a revealing new history of the final bloody battles against Nazi Germany Published for the 80th anniversary of VE Day and based on audio interviews with those who fought their way to victory this is a compelling and immersive account of a crucial period in the Second World War February 1945 Eight months have passed since the D Day landings when the Allies gained their foothold in North West Europe Since then the British Army has fought near continuously against the German military Now they stand ready for their final test the battle for the German homeland Drawing on the sound archive of the Imperial War Museums and other personal accounts military historian Geraint Jones brings this often overlooked period of the war vividly to life in the words of British soldiers who were there from war weary men who have survived many months of combat to new recruits facing Hitler's fanatics for the first time In *Voices of Victory* we join the soldiers battling to break through the Siegfried Line and clear the Reichswald forest where fighting was from one tree to the next At the crossing of the Rhine we go into action with the commandos and jump behind enemy lines with the Paras We are taken into the horror of Belsen when the concentration camp is liberated hear from the witnesses of the forgotten battles of April and end the war deep in Germany with victory in Europe

Fire and Steel Peter Caddick-Adams, 2022-06-06 An account of the blazing final hundred days of World War Two in Europe bringing to a close Peter Caddick Adams monumental trilogy of the last year of Allied fighting against the German armies on the Western front

Sheer Misery Mary Louise, 2021-04-20 Marching across occupied France in 1944 American GI Leroy Stewart had neither death nor glory on his mind he was worried about his underwear which was engaged in a relentless crawl of its own Similar complaints of physical discomfort pervade infantrymen's memories of the European theater whether the soldiers were British American German or French Wet freezing misery with no end in sight this was life for millions of enlisted men during World War II *Sheer Misery* trains a humane and unsparing eye on the corporeal experiences of the soldiers who fought in Belgium France and Italy during the last two years of the war In the horrendously unhygienic and often lethal conditions of the front line their bodies broke down stubbornly declaring their needs for warmth rest and good nutrition Feet became too swollen to march fingers too frozen to pull triggers stomachs cramped and diarrhea stained underwear and pants Turning away from the accounts of high level military strategy that dominate many WWII chronicles acclaimed historian Mary Louise Roberts instead relies on diaries and letters to bring to life visceral sense memories like the moans of the screaming meemies the acrid smell of cordite and the shockingly mundane sight of rotting corpses As Roberts writes For soldiers who fought the war was above all about their bodies

Britain's

Forgotten Battle Adrian and Dawn L. Bridge, 2025-01-15 Commemorating its 80th anniversary this book tells the full story of a crucial late campaign in the Second World War Drawing on a variety of sources the authors shine a light on an area that General Eisenhower said experienced some of the fiercest fighting of the whole war

Puro sufrimiento Mary Louise Roberts, 2023-03-22 En plena marcha victoriosa de su regimiento de infantería a por territorio de Francia en 1944 el soldado Leroy Stewart no pensaba en la gloria ni en la muerte Estaba preocupado por su ropa interior Cuando empezamos a caminar tuve un problema nuevo los calzoncillos me incomodaban Se me subían todo el tiempo Los recuerdos del teatro de operaciones de la Segunda Guerra Mundial están plagados de comentarios similares los pies congelados el estómago vacío o los dedos azules de frío que apenas podían accionar el gatillo la diarrea vergonzante Para millones de soldados la vida en Europa era una calamidad que parecía no tener fin Sus ojos contemplaban horrores insólitos en el fondo retumbaban ruidos desconocidos y la nariz detectaba olores insoportables Como era realmente estar ahí A partir de un archivo enorme de memorias testimonios epistolares caricaturas de la poca documentos y entrevistas Mary Louise Roberts aborda la experiencia de los Aliados a partir del seguimiento casi etnográfico de un puñado de batallones de infantería Desde una perspectiva pegada al ras del suelo reconstruye la cotidianidad de los soldados sometidos a las condiciones más extremas y revela el padecimiento físico y mental de esas mayorías de jóvenes que no tenían la menor idea del panorama más amplio de la contienda ni de por qué estaban donde estaban y vivían pendientes de la comida los zapatos que dolían la ropa húmeda o mojada durante días la suciedad y expuestos a las enfermedades las heridas los cadáveres En ese contexto hostil reclutados y entrenados como cuerpos obedientes al servicio de una causa mayor los soldados forjaban vínculos de solidaridad y un lenguaje común para dar sentido a situaciones intolerables y resistir incluso a la disciplina militar Así en un relato salpicado de voces y anecdotas la autora va mostrando las contrariedades de ese círculo compartido y las estrategias a las que recurrían para preservar algo de su condición humana Ejemplo magistral y conmovedor de lo que se conoce como historia somática de la guerra este libro recupera el punto de vista de los dominados del campo de batalla y aporta una pieza clave para entender la magnitud de un acontecimiento crucial del siglo XX

Journal of the Society for Army Historical Research ,1998
