Collaboration for Diverse Learners Victoria J. Risko, Karen Bromley, 2020-11-25 Educators often feel frustrated by their school s lack of comprehensive programs to address the needs of diverse learners Many noted literacy experts believe that school programs for diverse learners will remain ineffectual until instruction involves teachers specialists administrators and families in collaborative decision making mediation negotiation and respect for differences Collaboration for Diverse Learners brings together several expert perspectives on achieving effective collaboration to accelerate the literacy development of diverse learners You will find in this important volume many resources to guide your own decision making and development of successful collaboration programs in depth analyses of collaborative efforts multiple ways to think about collaboration and its implementation and examples of collaborative projects that are successfully in place in schools throughout the United States You ll be especially inspired by the first hand stories of educators children and families who present the possibilities for partnerships that advance the learning of all students Published by International Reading Association

Metacognitive Approaches to Developing Oracy Roy Evans, Deborah Jones, 2013-09-13 The acquisition of speech and language represent significant achievements for all children These aspects of child development have received substantial attention in the research literature and a considerable body of theoretical knowledge exists to chart progress from infancy to maturity Cross cultural studies have identified the common purposes served by the acquisition of oral language by children and the essential similarity in the sequence through which speech develops irrespective of geography and culture What is less clear is precisely how children learn to say what they mean and how teachers and parents can support and enhance the development

of meaningful speech in their children Until now children s speech has been underused as a means of promoting learning in the formal school setting New requirements within the National Curriculum are trying to address this gap but there remains a lack of clarity as to what this means for practice and how it relates to the broad base of curricular objectives This book brings together a body of work from different countries it offers an improved understanding of how strategies for developing speaking and listening may impact metacognitive awareness and raise standards of literacy and dialogic thinking for all children This book was previously published as a special issue of Early Child Development and Care Fairy Tales Gr. 1-2 Vera Trembach,1997-01-01 Our Fairy Tales unit combines traditional fairy tales with new and exciting activities that will enchant young students This work file is based on traditional Fairy Tales The activities inside however are new and exciting You will find Twenty Task Cards most being open ended Each has delightful illustration that lends to the activity A Student Record Sheet for his or her learning center workbook Four Fully Illustrated Stories A Fairy Tale Trivia Game where students can test their trivia skills by answering the question cards Reinforcement Activities for ordinals alphabetical sequence classification dialogue math and visual discrimination and Blank Activity and Task Cards This Nursery Rhymes lesson provides a teacher and student section with reading passages activities and board game to create a well rounded lesson plan
