and traits that the participants in a dialogue attribute to each other This last category is also very broad since it includes mental and emotional states together with culturally constructed knowledge such as the reciprocal identification of social roles and positions The assumption of a cognitive point of view brings to the foreground a number of new questions regarding how information about the context is organized in the mind and how this kind of knowledge is used in specific communicative situations A related very important question concerns the role played in this process by theory of mind abilities ToM both in typical and atypical populations In this Research Topic we bring together articles that address different aspects of context analysis from theoretical and empirical perspectives integrating knowledge and methods derived from Philosophy of language Linguistics Cognitive Science Cognitive Neuroscience Developmental and Clinical Psychology **At America's Gates** Erika Lee,1998 **Employment, Labour and Industrial Law in Australia** Louise Floyd,William Steenson,Amanda Coulthard,Daniel Williams,Anne C. Pickering,2017-11-16 Employment Labour and Industrial Law in Australia provides a comprehensive current and accessible resource for the undergraduate and Juris Doctor student With a social and political background to the law this text provides insightful legal analysis underscored by practical business experience while exploring key principles through a close evaluation of laws and lively discussion of prominent cases Recognising the multi faceted nature of the subject the authors have included content on employment labour and industrial law in the one text while also presenting critical topics not often dealt with namely current and in depth analysis of trade union regulation public work including the public sector the judiciary and academics workplace health and safety including worker s compensation bullying anti discrimination and taxation emerging issues including topics such as transnational and international employment law migration and employment as well as volunteers and work experience To maintain currency within this rapidly changing area of law the text has a website which will include updates for any major developments in the field as well as responses to end of chapter questions Written by respected academics and practicing lawyers in the field this book is a relevant and contemporary guide to this fascinating area of law **The Soviet Union and Communist China 1945-1950: The Arduous Road to the Alliance** Dieter Heinzig,2015-06-18 Drawing on a wealth of new sources this work documents the evolving relationship between Moscow and Peking in the twentieth century Using newly available Russian and Chinese archival documents memoirs written in the 1980s and 1990s and interviews with high ranking Soviet and Chinese eyewitnesses the book provides the basis for a new interpretation of this relationship and a glimpse of previously unknown events that shaped the Sino Soviet alliance An appendix contains translated Chinese and Soviet documents many of which are being published for the first time The book focuses mainly on Communist China s relationship with Moscow after the conclusion of the treaty between the Soviet Union and Kuomintang China in 1945 up until the signing of the treaty between Moscow and the Chinese Communist Party in 1950 It also looks at China s relationship with Moscow from 1920 to 1945 as well as developments from 1950 to the present The author reevaluates existing sources and literature on the topic and

demonstrates that the alliance was reached despite disagreements and distrust on both sides and was not an inevitable conclusion He also shows that the relationship between the two Communist parties was based on national interest politics and not on similar ideological convictions
