American Rehabilitation, 1988 Dutch Edmund Morris, 2011-10-19 This book the only biography ever authorized by a sitting President yet written with complete interpretive freedom is as revolutionary in method as it is formidable in scholarship When Ronald Reagan moved into the White House in 1981 one of his first literary guests was Edmund Morris the Pulitzer Prize winning biographer of Theodore Roosevelt Morris developed a fascination for the genial yet inscrutable President and after Reagan's landslide reelection in 1984 put aside the second volume of his life of Roosevelt to become an observing eye and ear at the White House During thirteen years of obsessive archival research and interviews with Reagan and his family friends admirers and enemies the book's enormous *dramatis personae* includes such varied characters as Mikhail Gorbachev Michelangelo Antonioni Elie Wiesel Mario Savio Fran ois Mitterrand Grant Wood and Zippy the Pinhead Morris lived what amounted to a *doppelgänger* life studying the young Dutch the middle aged Ronnie and the septuagenarian Chief Executive with a closeness and dispassion not to mention alternations of amusement horror and amazed respect unmatched by any other presidential biographer This almost Boswellian closeness led to a unique literary method whereby in the earlier chapters of *Dutch* A Memoir of Ronald Reagan Morris's biographical mind becomes in effect another character in the narrative recording long ago events with the same eyewitness vividness and absolute documentary fidelity with which the author later describes the great dramas of Reagan's presidency and the tragedy of a noble life now darkened by dementia I quite understand the author has remarked that readers will have to adjust at first to what amounts to a new biographical

style But the revelations of this style which derive directly from Ronald Reagan's own way of looking at his life are I think rewarding enough to convince them that one of the most interesting characters in recent American history looms here like a colossus

Risk Management in Sport and Recreation John Otto Spengler, Daniel Connaughton, Andrew T. Pittman, 2006

Risk Management in Sport and Recreation is a comprehensive resource for those charged with the responsibility of providing for the safety of participants and spectators in a sport or recreation setting. It covers a range of safety issues including lightning heat illness aquatic playground safety drug testing and medical emergency action plans. Readers receive clear and detailed explanations of issues to consider before making decisions on risk management. Risk Management in Sport and Recreation is designed to provide a foundation for approaching key issues in safety and risk management. It shows readers how to evaluate and analyze various safety issues and apply the underlying concepts to a variety of situations. The following are unique features of the text:

- A safety guidelines finder lists Web sites of accessible standards guidelines and recommendations from leading organizations.
- Chapter objectives and pullout boxes of key points and key statistics stress the importance of the topic under discussion.
- Threshold issues in each chapter highlight important factors to consider when making decisions on risk management.
- Real world applications at the end of each chapter present scenarios involving the potential for harm and readers must make a decision on how to address the issues.
- Examples of public service announcements posters and other publicly viewed safety information are presented.
- An appendix offers examples of emergency action plans checklists and recommendations from organizations such as the National Lightning Safety Institute and university aquatic centers.
- A companion Web site provides links to the Web sites used in the book as well as updates to guidelines and links that may occur after the book is in print.

The safety guidelines finder gives students and practitioners a single location from which they can easily access important safety information. Organized under land based or water based activities each activity lists guidelines recommendations and standards along with the source for that information. Each entry includes Web sites where readers can find the full documents. The text also features sample guidelines and safety checklists from agencies and associations that demonstrate how organizations might plan for risk and communicate safety information. Readers also consider the types of postings and equipment they will need in order to communicate their risk management plans and they are given real life situations in which a risk management plan is needed and are prompted to consider why and how to create a plan for such situations. The resource will help students and professionals plan for and manage risk. Current and future employees of sport facilities school athletic programs parks and recreation programs youth and aquatic centers or resorts and golf courses will find that Risk Management in Sport and Recreation provides the tools to assist in making the right decisions to manage risk effectively.
