or doorways The ability to learn such semantic categories from sensor data enables a mobile robot to extend its representation of the environment and to improve its capabilities As an example natural language terms like corridor or room can be used to indicate the position of the robot in a more intuitive way when communicating with humans This book presents several approaches to enable a mobile robot to categorize places in indoor environments The categories are indicated by terms which represent the different regions in these environments The objective of this work is to enable mobile robots to perceive the spatial divisions in indoor environments in a similar way as people do This is an interesting step forward to the problem of moving the perception of robots closer to the perception of humans Many approaches introduced in this book come from the area of pattern recognition and classification The applied methods have been adapted to solve the specific problem of place recognition In this regard this work is a useful reference to students and researchers who want to introduce classification techniques to help solve similar problems in mobile robotics **Garden & Home Builder** William Tyler Miller,1927 Control & Instrumentation ,1982 **AMJ, Agricultural Machinery Journal** ,1970 **Personal Computing** ,1989 **Process Control and Automation** ,1966 The Engineer ,1977 *Modulare, verteilte Hardware-Software-Architektur für humanoide Roboter* Kristian Regenstein,2010 Humanoide Roboter sind hochkomplexe Systeme Sie zeichnen sich durch ein sehr heterogenes Sensor und Aktorsystem aus welches wiederum sehr hohe und breit gef cherte Anforderungen an die verwendete Architektur stellt Es wird sowohl der Entwurf einer funktionalen Steuerungsarchitektur das verwendete Softwarerahmenwerk als auch die Abbildung auf eine dezidierte Hardwarearchitektur beschrieben *New Scientist* ,1977 **Thomas Register of American Manufacturers and Thomas Register Catalog File** ,1996 Vols for 1970 71 includes manufacturers catalogs **Service manual and installation instructions** Apex Electrical Manufacturing Company, Cleveland,1939 *Austin 12 Series H.s.1 and 16 Series B.s.1 Service Manual* AUSTIN MOTOR CO.,1953 *Yamaha XT, TT, and SR 500 Singles Owners Workshop Manual, No. 342* John Haynes,1992-06-29 Haynes disassembles every subject vehicle and documents every step with thorough instructions and clear photos Haynes repair manuals are used by the pros but written for the do it yourselfer *Service Manual* Zenith Radio Corporation,1947* Radio Service Manual Atwater Kent Manufacturing Company,1926 **Service Manual [for] R-1234-51812** Oshkosh Truck Corporation,196?
