

A PRAYER FOR CHURCH LEADERS

Heavenly Father, you call us each to different work in your kingdom, according to the gifts you've bestowed upon us. Today, I pray especially for those you've called into ministry, to be leaders and teachers in your church. Keep your call fresh in their hearts, renewing and refreshing their spirit for the work ahead. May they seek your counsel daily, seeking your wisdom and guidance as they give spiritual guidance to others. Fill them with patience, peace, and joy for their work, remembering you are with them even when the work is hard, for you are faithful to equip those who obey your call. All this I pray through your Son, our Savior, Jesus Christ. Amen.

Spiritual Formation as if the Church Mattered James C. Wilhoit, 2022-03-29 Most books on spiritual formation focus on the individual But spiritual formation is at the heart of the church s whole purpose for existence It must be a central task for the church to carry out Christ s mission in the world This book offers an introduction to spiritual formation set squarely in the local church The first edition has been well received and widely used as a textbook The second edition has been updated throughout incorporates findings from positive psychology and reflects an Augustinian formation perspective Foreword by Dallas Willard

Moral Leadership in the Church: a Normative Approach Bishop Felix Clarence Orji, 2013-05-15 In a time of confusion uncertainty debate and division regarding what constitutes right moral behaviour the subject of responsible moral leadership in the church takes on fresh urgency But at this critical time of need for moral leadership too many clergy simply mirror the uncertainty or abnegate the responsibility This book addresses this anomaly specifically by proposing a normative model for moral leadership in the local church Pastors and leaders of all Christians traditions will find this book very informative and useful The book begins with an overview of the historical theological and biblical bases for Christian leadership and more particularly what the moral dimension of such leadership means Various Christian traditions are surveyed for insights into the character vision and tasks of moral leadership including the authoritative sources for ethical reflection and moral guidance Since Dr Felix Orji is a Bishop in the Anglican Communion he includes a chapter on that tradition to give a sense of the ecclesiastical ethos in which presbyters must exercise such leadership This is followed by a clear examination of Scripture in regard to what it tells us about moral leadership This book ends with a detailed normative model for moral leadership in the church and a leadership training resource specifically designed for such leadership

 Jensen, 2009-08-01 Subversive Spirituality links the practice and study of Christian spirituality with Christian mission It
 develops a twofold thesis grace spiritual disciplines and mission practices are inseparably linked in the mission of Jesus of the
 early church and of several historical renewal movements as well as in a contemporary field research sample and amidst the
 collapse of space and time evidenced by our culture's increasingly hurried pace of life more time and space are needed for
 regular solitary and communal spiritual practices in church mission and leadership structures if Christian mission is to
 transform people and culture in our time This requires a subversion of the collapsed spatial and temporal codes that have
 infected our Christian institutions Jensen employs methods and approaches from a variety of academic disciplines to explore
 both spirituality in terms of space and time and mission in terms of deed and word Specifically Jensen examines the

spirituality and mission of Jesus the early church the apostolic fathers Origen the Devotio Moderna the early Jesuits David Brainerd and several women in 19th century Protestant missions He considers the spirituality and mission that have arisen within the postmodern generations born after 1960 Based on the theological historical cultural and field analyses of this study a model for spirituality and mission is proposed The model addresses the contemporary collapse of space and time and appears to have widespread applicability to diverse cultures and eras Jensen s model is applied to the pluralistic and postmodern milieu of North America with recommendations for spirituality and mission in church mission and educational structures A derivative model for teaching and practicing spirituality and mission in the academy which also has application for non formal leadership development structures is also proposed
