medical providers are expected to manipulate and adjust these guidelines to their unit's mission and medical air crew training experience. Medical directors or designated supervising physicians should endorse these guidelines as a baseline, appropriately adjust components as needed, and responsibly manage individual unit medical missions within the scope of practice of their Critical Care Flight Paramedics, Enroute Critical Care Nurses, and advanced practice aeromedical providers. The medication section of this manual is provided for information purposes only. CCFPs may administer medications only as listed in the guidelines unless their medical director and/or supervising physician orders a deviation. Other medications may be added so long as the unit supervising physician and/or medical director approves them. This manual also serves as a reference for physicians providing medical direction and clinical oversight to the CCFP. Treatment direction which is more appropriate to the patient's condition than the guideline should be provided by the physician as long as the CCFP scope of practice is not exceeded. Any medical guideline that is out of date or has been found to cause further harm will be updated or deleted immediately. The Medical Evacuation Concepts and Capabilities Division (MECCD) serves as the managing editor of the SMOG and is responsible for content updates, managing the formal review process, and identifying review committee members for the annual review.
