Guide to Writing Policy and Procedure Documents

Preparing a policy or procedure document for UC Santa Cruz' *InfoSling* on-line policy and procedure system is not as mysterious or difficult as you might think. This guide is designed to explain the campus' policy and procedure framework, to help policy and procedure owners organize their written documentation, and to act as a resource as they navigate the approval process. You will find the information in this "how to" guide helpful if you are responsible for formulating or documenting new or existing policies and procedures.

The Principles and Practice of Primary Care and Family Medicine John Fry, Nat Yuen, 2018-05-08 Guidelines are powerful instruments of assistance to clinicians capable of extending the clinical roles of nurses and pharmacists. Purchasers and managers perceive them as technological tools guaranteeing treatment quality. Guidelines also offer mechanisms by which doctors and other health care professionals can be made more accountable to their patients. But how can clinicians tell whether a guideline has authority and whether or not it should be followed? Does the law protect doctors who comply with guidelines? Are guideline developers liable for faulty advice? This timely book provides a comprehensive and accessible analysis of the many medical and legal issues arising from the current explosion of clinical guidelines. Featuring clear summaries of relevant UK, US, and Commonwealth case law, it is vital reading for all doctors, health care workers, managers, purchasers, patients, and lawyers.

Healthcare Valuation, The Financial Appraisal of Enterprises, Assets, and Services Robert James Cimasi, 2014-03-24 A timely look at the healthcare valuation process in an era of dynamic healthcare reform, including theory, methodology, and professional standards. In light of the dynamic nature of the healthcare industry sector, the analysis supporting business valuation engagements for healthcare enterprises, assets, and services must address the expected economic conditions and events resulting from the four pillars of the healthcare industry: Reimbursement, Regulation, Competition, and Technology. Healthcare Valuation presents specific attributes of each of these enterprises, assets, and services and how research needs and valuation processes differentiate depending on the subject of the appraisal, the environment, the property interest, and the nature of the practices. Includes theory, methodology, and professional standards, as well as requisite research, analytical, and reporting functions in delivering healthcare valuation services. Provides useful process tools such as worksheets and checklists, relevant case

Urban Family Medicine Richard B. Birrer, 2012-12-06 Now more than ever Family Medicine is alive and well in the United States The base of this medical specialty has traditionally been in the smaller cities suburban communities and rural areas of this country Over the past decade however there has been a resurgence of interest in primary care in our major metropolitan areas as a solution to the high tech subspecialty pace of the tertiary care environment A rebirth of urban family medicine has accompanied these pioneering efforts To date the accomplishments are substantial and the prospects are bright There is still a long way to go and there are a significant number of hurdles to cross Although diseases are generally the same wherever you are their effects as illness on the individual and the family are strongly influenced by the environment and social milieu Urban families have distinctive and diverse problems cultural economic and ethnic Training programs situated in the large cities must recognize these issues and include special emphasis on the situations that the family physician is likely to encounter during and after his training There is very little research literature on the background and nature of special urban problems and these areas are the subject of several chapters of this long overdue volume devoted specifically to urban family medicine Dr Birrer has persuaded true experts to share their knowledge with the reader
