

# Findings about Fee Structures

- Fee structures for MBUF/RUC *could* be intentionally complex
  - Example: rates could differ by fuel type, weight, road, ..
  - Higher rates for privacy-protecting systems (no location)
  - But existing data flows on highway use might not be sufficient to predict total fees collected (vs. gas tax rate)
- We gathered vehicle-level data from Pennsylvania for more than 10 years to assess how a MBUF might work..

**Northern Ireland** Carol Daugherty Rasnic, 2003 *Northern Ireland Can Sean and John Live in Peace* explores the reasons for Northern Ireland's so-called Troubles. In a compelling and detailed narrative Professor Rasnic addresses the two primary causes of the conflict: religion and politics, and the source of response to the Troubles: the law. While serving as a Fulbright Distinguished Professor of Law at Queen's Belfast, she experienced the moods, hopes, and fears of those who have endured the atrocities. Interspersed with the author's personal interviews with many of the principals in the peace talks and vignettes that recall her childhood and adolescent years growing up in a small Southern town, Northern Ireland provides a clearer understanding of the essence of what has caused and continues to cause so much tragedy and grief in this beautiful province.
