ISO 9001:2015 for Small Businesses
Ray Tricker, 2016-10-04
Small businesses face many challenges today, including the increasing demand by larger companies for ISO 9001 compliance, a challenging task for any organisation and in particular for a small business without quality assurance experts on its payroll. Ray Tricker has already guided hundreds of businesses through to ISO accreditation and this sixth edition of his life-saving ISO guide provides all you need to meet the new 2015 standards. ISO 9001:2015 for Small Businesses helps you understand what the new standard is all about and how to achieve compliance in a cost-effective way. Covering all the major changes to the standards, this book provides direct, accessible and straightforward guidance. This edition includes down-to-earth explanations to help you determine what you need to enable you to work in compliance with and/or achieve certification to ISO 9001:2015, a contextual explanation of ISO 9001 within the structure of the ISO 9000 family of standards, a detailed description of the structure of ISO 9001:2015 and its compliance with Annex SL coverage of the new requirements for Risk Management and Risk Analysis, a guide to the costs involved in implementing ISO 9001:2015 and advice on how to control costs, an example of a complete generic Quality Management System consisting of a Quality Manual plus a whole host of Quality Processes, Quality Procedures and Work Instructions, and access to a free software copy of these generic QMS files to give you a starting point from which to develop your own documentation. This book is also supported with a complete bibliography containing abbreviations and acronyms as well as a glossary of terms. This comprehensive text will provide you and your small business with a complete guide on your way to ISO compliance.

ISO 9001:2008 for Small Businesses
Ray Tricker, 2014-01-21
Small businesses face many challenges today, including the increasing demand by larger companies for ISO compliance. Compliance is a challenging task for any organisation and can often be time-consuming and costly, particularly for small businesses who are unlikely to have quality assurance experts on the payroll. However, it is still possible to achieve compliance without the need for expensive consultancy or training that takes you out of the office. Ray Tricker has already guided hundreds of businesses through the challenge and this, the 5th edition of his life-saving ISO guide, has been

rewritten and refined following 5 years field use of working with the standard The one area that an organisation particularly a small business always wants to know is how much is it going to cost to implement and operate a QMS compliant with ISO 9001 2008 and is it going to be worth the trouble Due to popular demand Edition 5 now includes a brand new chapter on the cost of implementing ISO 9001 2008 This edition provides Relevant examples that put the concepts and requirements of the standard into a real life context Down to earth explanations to help you determine what you need to work in compliance with and or achieve certification to ISO 9001 2008 An example of a complete generic Quality Management System consisting of a Quality Manual plus a whole host of Quality Processes Quality Procedures and Work Instructions Access to a free software copy of this generic QMS files available from the author to give you a starting point from which to develop your own documentation ISO 9001 2008 is the most widely followed quality management standard and the rewards can be great opening up new business opportunities as well as bringing real improvements to your processes and outputs **ISO**
