Sample Questions

Student Name _____

The intent of these sample test materials is to orient teachers and students to the types of questions on FCAT 2.0 tests. By using these materials, students will become familiar with the types of items and response formats they will see on the actual test. The sample questions and answers are not intended to demonstrate the length of the actual test, nor should student responses be used as an indicator of student performance on the actual test. Additional information about test items can be found in the *FCAT 2.0 Test Item Specifications* at <http://fcat.fldoe.org/fcat2/itemspecs.asp>.

The 2012 FCAT 2.0 Mathematics tests and sample questions and answers are based on the 2007 Next Generation Sunshine State Standards.

The sample questions for students and the sample answers for teachers will only be available online, at <http://fcat.fldoe.org/fcat2/fcatitem.asp>.

Directions for Answering the Mathematics Sample Questions

Some of the questions in this booklet are called multiple-choice questions. A **multiple-choice question** is followed by several answer choices. Read all the answer choices under each question and decide which answer is correct. Fill in the bubble next to the answer choice you think is correct for each multiple-choice question.

Mark your answers in this booklet. If you don't know how to work a problem, ask your teacher to explain it to you. Your teacher has the answers to the sample questions.

Calculators are NOT to be used with the Grade 4 FCAT 2.0 Mathematics Sample Questions.

FCAT 2.0 Mathematics will include perforated rulers for students in Grades 3 and 4. You will need a ruler to answer some of these sample questions. A sample ruler and directions for using the ruler are provided on the inside BACK cover of this booklet.

Note: The dimensions for the graphics on items that require the use of a ruler may not be accurate if this Web-based page is printed on a desktop printer because the printer may shrink content to fit the page; however, during the production of test booklets, the Florida Department of Education takes quality assurance steps to ensure the dimensions and scale are accurate in the items that require the student to use a ruler to measure.

Instructions for printing sample documents are provided on the inside BACK cover of this booklet.

FCAT 2.0 Question Symbol

This symbol appears next to questions that require you to fill in your answer on a grid. There may be more than one correct way to fill in a response grid. You **MUST** fill in the bubbles accurately to receive credit for your answer. A correct answer to each of these questions is worth 1 point.
