marketplace **Starting or Improving Your Business** Ronald J. Plachno, 2020-01-20 Starting or Improving Your Business is written to help those people just starting a business or who already in one and wish to improve it It is based on my almost 50 years in industry in large companies that I have worked for and in small companies that I have started While no book can guarantee that you can get rich this book tries to mostly contain warnings of what to look for how to plan or what to avoid No book ever covers anything but it is my belief that this book covers some very important items for business that include both the very large businesses and the very tiny startups There are just some of us that seem to have the word entrepreneur in our blood regardless of how successful or not we become There seems to be that challenge to business to overcome the difficulties and then succeed that seems not only good for us but may also be fun at the same time And even if we do just a bit the satisfaction of trying something hard and accomplishing some of our goals makes some of us feel better about ourselves And of course our accomplishments may help others as well The book includes some generalities that I have found along the way And the book also includes some specific examples from the three large firms that I worked at and also the more than 5 business startups that I attempted Even if your business is different some days it seems to me that there is often more the same than there is that is different from business to business That might explain the popularity of Small Business

Why online marketing is such a powerful tool to promote your business. Marcelo Gameiro, A school of thought advocates that the

quality of the products and services offered is the most singular factor necessary for a business to advance its prospects The proponents of this approach believe that once the quality of goods and services is top notch the client will be happy They advocate that a satisfied customer will return to order for more of such services or goods While that may be true a novel emerging approach notes that although the quality of products and services is crucial it is not enough to keep a business floating A business grows develops and becomes profitable as its revenue base expands A satisfied customer will come back but with marketing strategies in place one happy customer can reach and persuade 50 others Thus excellent quality must go hand in hand with an efficient marketing system to boost a business by creating a wide range of customer outreach In this book you can find the best guide to take advantage of one of the most efficient and cheaper ways of doing marketing today Why marketing is the heart of your business and where is the best vehicle to do marketing today Why online marketing is the most efficient way of doing marketing today Why online marketing efforts last longer than others methods How can you put your business online for free and other methods too
