

Unit 3 Study Guide

Be sure to review the Unit 3 Module on Canvas, including the notes, and any supplemental pages.

The following are items that will appear on your Unit 3 test. These are practice questions that may or may not appear on the test. This should be used as a guide to study for your test and doesn't include EVERYTHING we covered during this unit.

(However, students who are able to answer these questions on their own or with little help will be well-prepared for the test.)

****There was a lot of information during this unit, so please study! If you have questions, please sign up for my Encore! I will be holding a review session before the test!**

Answer the following questions on a separate piece of paper.

1. The first idea of the atom was suggested by a philosopher, Democritus, in 460 BCE. Why was he not credited with the discovery of the atom?
